We are offering to exchange, upon the terms and subject to the conditions set forth in this prospectus and the accompanying letters of transmittal, \$700,000,000 in aggregate principal amount of our 9.750% senior notes due 2029 (the “2029 exchange notes”) that have been registered under the Securities Act of 1933, as amended (the “Securities Act”), for \$700,000,000 in aggregate principal amount of our issued and outstanding, unregistered 9.750% senior notes due 2029 (the “2029 existing notes”) and \$750,000,000 in aggregate principal amount of our 9.000% senior notes due 2030 (the “2030 exchange notes”) that have been registered under the Securities Act for \$750,000,000 in aggregate principal amount of our issued and outstanding, unregistered 9.000% senior notes due 2030 (the “2030 existing notes”). In this prospectus, we refer to these offers to exchange collectively as the “exchange offers.” We refer to the 2029 exchange notes and the 2030 exchange notes collectively as the “exchange notes,” and we refer to the 2029 existing notes and the 2030 existing notes collectively as the “existing notes.”

- The terms of the exchange notes are substantially identical to the terms of the existing notes of the corresponding series, except that the transfer restrictions and registration rights relating to the existing notes will not apply to the exchange notes, and the exchange notes will not provide for the payment of special interest under circumstances related to the timing and completion of the exchange offers.

- The exchange of existing notes should not be a taxable exchange for U.S. federal income tax purposes.
- We will not receive any proceeds from the exchange offers.
- Any outstanding existing notes not validly tendered will remain subject to existing transfer restrictions.
- The exchange notes will not be traded on any national securities exchange and, therefore, we do not anticipate that an active public market in the exchange notes will develop.

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offers must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. A broker-dealer that is issued exchange notes for its own account in exchange for existing notes that were acquired by such broker-dealer as a result of market-making or other trading activities may use this prospectus, as supplemented or amended, for an offer to resell, resale or other retransfer of the exchange notes issued to it in the exchange offers.

Please refer to “Risk Factors” beginning on page 13 of this prospectus for certain important information.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the exchange notes to be issued in the exchange offers or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

Forward-looking statements are those that do not relate solely to historical fact. They include, but are not limited to, any statement that may predict, forecast, indicate or imply future results, performance, achievements or events. Forward-looking statements can generally be identified by phrases such as “believes,” “expects,” “potential,” “continues,” “may,” “should,” “seeks,” “predicts,”

“anticipates,” “intends,” “projects,” “estimates,” “plans,” “could,” “designed,” “should be” and other similar expressions that denote expectations of future or conditional events rather than statements of fact. Forward-looking statements also may relate to strategies, plans and objectives for, and potential results of, future operations, financial results, financial condition, business prospects, growth strategy and liquidity, and are based upon management’s current plans and beliefs or current estimates of future results or trends.

These forward-looking statements reflect our current views with respect to future events and are based on assumptions and subject to risks and uncertainties that may cause actual results to differ materially from trends, plans or expectations set forth in the forward-looking statements. These risks and uncertainties may include the risks and uncertainties described in our Annual Report on Form 10-K for the year ended December 31, 2023, and our Quarterly Reports on Form 10-Q, as well as those risk factors included under “Risk Factors” in this prospectus. Among these risks and uncertainties are: risks related to economic downturns, substantial competition and rising operating costs; the impacts from the ongoing Russia/Ukraine conflict and conflict in the Middle East, including economic volatility and the impacts of export controls and other economic sanctions; risks related to our investment activities, including the nature of the investments made by the private funds in which we invest, including the impact of the use of leverage through options, short sales, swaps, forwards and other derivative instruments; declines in the fair value of our investments, losses in the private funds and loss of key employees; risks related to our ability to continue to conduct our activities in a manner so as to not be deemed an investment company under the Investment Company Act of 1940, as amended, or to be taxed as a corporation; risks related to short sellers and associated litigation and regulatory inquiries; risks relating to our general partner and controlling unitholder; pledges of our units by our controlling unitholder; risks related to our energy business, including the volatility and availability of crude oil, other feed stocks and refined products, declines in global demand for crude oil, refined products and liquid transportation fuels, unfavorable refining margin (crack spread), interrupted access to pipelines, significant fluctuations in nitrogen fertilizer demand in the agricultural industry and seasonality of results; risks related to potential strategic transactions involving our Energy segment; risks related to our automotive activities and exposure to adverse conditions in the automotive industry, including as a result of the Chapter 11 filing of our automotive parts subsidiary; risks related to our food packaging activities, including competition from better capitalized competitors, inability of our suppliers to timely deliver raw materials, and the failure to effectively respond to industry changes in casings technology; supply chain issues; inflation, including increased costs of raw materials and shipping, labor shortages and workforce availability; risks related to our real estate activities, including the extent of any tenant bankruptcies and insolvencies; risks related to our home fashion operations, including changes in the availability and price of raw materials, manufacturing disruptions, and changes in transportation costs and delivery times; and other risks and uncertainties detailed from time to time in our filings with the SEC.

Given these risks and uncertainties, we urge you to read this prospectus, any prospectus supplement and the documents we incorporate by reference completely and with the understanding that actual future results may be materially different from what we plan or expect. All of the forward-looking statements made in this prospectus, any prospectus supplement and the documents we incorporate by reference are qualified by these cautionary statements, and we cannot assure you that the actual results or developments anticipated by us will be realized or, even if substantially realized, that they will have the expected consequences to or effects on our business or operations. In addition, these forward-looking statements present our estimates and assumptions only as of the date of this prospectus, any prospectus supplement and the documents we incorporate by reference. We do not intend to update you concerning any future revisions to any forward-looking statements to reflect events or circumstances occurring after the date of this prospectus, any prospectus supplement and the documents we incorporate by reference. However, you should carefully review the risk factors set forth in other reports or documents we file from time to time with the SEC.

Summary of the Exchange Offers

The Offerings of the Existing Notes

On December 19, 2023, we issued \$700 million in aggregate principal amount of additional 9.750% senior notes due 2029 in an offering not registered under the Securities Act. On May 28, 2024, we issued \$750 million in aggregate principal amount of additional 9.000% senior notes due 2030 in an offering not registered under the Securities Act.

At the time that each offering of the existing notes was consummated, we entered into a registration rights agreement (collectively, the “registration rights agreements”) in which we agreed to offer to exchange the existing notes for exchange notes that have been registered under the Securities Act. These exchange offers are intended to satisfy those obligations.

The Exchange Offers

We are offering to exchange the exchange notes that have been registered under the Securities Act for the existing notes. As of the date of this prospectus, there is an aggregate principal amount of \$700 million of the 2029 existing notes and \$750 million of the 2030 existing notes outstanding.

Required Representations

In order to participate in these exchange offers, you will be required to make certain representations to us in a letter of transmittal, including that:

- any exchange notes will be acquired by you in the ordinary course of your business;
- you are not participating, do not intend to participate and have no arrangement or understanding with any person to participate in the distribution of the exchange notes; and
- you are not an “affiliate” of us or any of our subsidiaries, as that term is defined in Rule 405 of the Securities Act.

Resale of Exchange Notes

We believe that, subject to limited exceptions, the exchange notes may be freely traded by you without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that:

- you are acquiring exchange notes in the ordinary course of your business;
- you are not participating, do not intend to participate and have no arrangement or understanding with any person to participate in the distribution of the exchange notes; and
- you are not an “affiliate” of us or any of our subsidiaries, as that term is defined in Rule 405 of the Securities Act.

If our belief is inaccurate and you transfer any exchange note issued to you in the exchange offers without delivering a prospectus meeting the requirements of the Securities Act or without an exemption from registration of your exchange notes from such requirements, you may incur liability under the Securities Act. We do not assume, or indemnify you against, any such liability. The SEC has not considered the exchange offers in the context of a no-action letter, and we cannot be sure that the SEC would make the same

determination with respect to the exchange offers as it has in other circumstances.

Each broker-dealer that is issued exchange notes for its own account in exchange for existing notes that were acquired by such broker-dealer as a result of market-making or other trading activities also must acknowledge that it has not entered into any arrangement or understanding with us or any of our affiliates to distribute the exchange notes and will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the exchange notes issued in the exchange offers.

We have agreed in the registration rights agreements that a broker-dealer may use this prospectus for an offer to resell, resale or other retransfer of the exchange notes issued to it in the exchange offers.

Expiration Date

The exchange offers will expire at 5:00 p.m., New York City time, on October 17, 2024, unless extended, in which case the term “expiration date” shall mean the latest date and time to which we extend the exchange offers.

Conditions to the Exchange
Offers

The exchange offers are subject to certain customary conditions, which may be waived by us. The exchange offers are not conditioned upon any minimum principal amount of existing notes being tendered.

Procedures for Tendering
Existing Notes

If you wish to tender existing notes, you must (a)(1) complete, sign and date the letter of transmittal, or a facsimile of it, according to its instructions and (2) send the letter of transmittal, together with your existing notes to be exchanged and other required documentation, to the exchange agent (as defined below) at the address provided in the letter of transmittal; or (b) tender through The Depository Trust Company (“DTC”) pursuant to DTC’s Automated Tender Offer Program (“ATOP”). The letter of transmittal or a valid agent’s message through ATOP must be received by the exchange agent before 5:00 p.m., New York City time, on the expiration date. See “The Exchange Offers — Procedures for Tendering,” and “— Book-Entry Tender.” By executing the letter of transmittal, you are representing to us that you are acquiring the exchange notes in the ordinary course of your business, that you are not participating, do not intend to participate and have no arrangement or understanding with any person to participate in the distribution of exchange notes, and that you are not an “affiliate” of ours. See “The Exchange Offers — Procedures for Tendering,” and “— Book-Entry Tender.” Do not send letters of transmittal and certificates representing existing notes to us. Send these documents only to the exchange agent. See “The Exchange Offers — Procedures for Tendering” for more information.

Special Procedures for Beneficial
Owners

If you are the beneficial owner of book-entry interests and your name does not appear on a security position listing of DTC as the holder of the book-entry interests or if you are a beneficial owner whose existing notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee, and you wish to

tender your existing notes in the exchange offers, you should contact the registered holder promptly and instruct the registered holder to tender on your behalf. If you are a beneficial owner and wish to tender on your own behalf, you must, before completing and executing the letter of transmittal and delivering your existing notes, either make appropriate arrangements to register ownership of the existing notes in your name or obtain a properly completed bond power from the registered holder. See “The Exchange Offers — Procedure if the Existing Notes Are Not Registered in Your Name,” and “— Beneficial Owner Instructions to Holders of Existing Notes.” The transfer of registered ownership may take considerable time and may not be possible to complete before the expiration date.

Guaranteed Delivery

Procedures

If you wish to tender existing notes and time will not permit the documents required by the letter of transmittal to reach the exchange agent prior to the expiration date, or the procedure for book-entry transfer cannot be completed on a timely basis, you must tender your existing notes according to the guaranteed delivery procedures described under “The Exchange Offers — Guaranteed Delivery Procedures.”

Acceptance of Existing Notes
and Delivery of Exchange

Notes

Subject to the conditions described under “The Exchange Offers — Conditions,” we will accept for exchange any and all existing notes that are validly tendered in the exchange offers and not withdrawn, prior to 5:00 p.m., New York City time, on the expiration date.

Interest on Existing Notes

Interest will not be paid on existing notes that are tendered and accepted for exchange in the exchange offers.

Withdrawal Rights

You may withdraw your tender of existing notes at any time prior to 5:00 p.m., New York City time, on the expiration date, subject to compliance with the procedures for withdrawal described in this prospectus under the heading “The Exchange Offers — Withdrawal of Tenders.”

U.S. Federal Income Tax

Considerations

For a discussion of the material U.S. federal income tax consequences relating to the exchange of existing notes for the exchange notes as well as the ownership of the exchange notes, see “Material U.S. Federal Income Tax Considerations.”

Exchange Agent

Wilmington Trust, National Association is serving as the exchange agent for the exchange offers (the “exchange agent”) and also serves as the trustee under the indentures that govern the exchange notes (the “Indentures”) and as the trustee under other indentures governing other notes issued by us. We have entered, and from time to time may continue to enter, into banking or other relationships with Wilmington Trust, National Association. The address, telephone number and facsimile number of the exchange agent are set forth in this prospectus under the heading “The Exchange Offers — Exchange Agent.”

Consequences of Failure to
Exchange the Existing

Notes.

If you do not exchange existing notes for exchange notes, the existing notes held by you will continue to be subject to the restrictions on transfer provided in the existing notes and in the indentures governing the existing notes. In general, the unregistered existing notes may not be offered or sold, unless they are registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws.

In addition, after the consummation of the exchange offers, it is anticipated that the outstanding principal amount of the existing notes available for trading will be significantly reduced. The reduced float will adversely affect the liquidity and market price of the existing notes. A smaller outstanding principal amount at maturity of existing notes available for trading may also tend to make the price more volatile.

Use of Proceeds

We will not receive any proceeds from the issuance of the exchange notes in exchange for the existing notes.

Fees and Expenses

We will pay all fees and expenses related to the exchange offers.

The Exchange Notes

The summary below describes the principal terms of the exchange notes. Certain of the terms described below are subject to important limitations and exceptions. For a more detailed description of the terms of the exchange notes and the Indentures, see the sections of this prospectus entitled “Description of 2029 Notes” and “Description of 2030 Notes.” In this subsection, except as otherwise noted, “we,” “us” and “our” refer only to Icahn Enterprises and Icahn Enterprises Finance as co-issuers of the exchange notes, and not to any of our subsidiaries.

- enter into transactions with affiliates; and
- merge or consolidate.

These covenants are subject to a number of important exceptions and qualifications. See “Description of 2029 Notes — Certain Covenants” and “Description of 2030 Notes — Certain Covenants.”

Our subsidiaries other than Icahn Enterprises Holdings are not restricted by the Indentures in their ability to incur debt, create liens or merge or consolidate.

Absence of Established Market
for Exchange Notes

The exchange notes will be new securities for which there is currently no market. We cannot assure you that a liquid market for the exchange notes will develop or be maintained.

Material U.S. Federal Income Tax
Considerations

For a discussion of certain U.S. federal income tax considerations with respect to the exchange notes, see “Material U.S. Federal Income Tax Considerations.”

For more information about the exchange notes, see “Description of 2029 Notes” and “Description of 2030 Notes.”

RISK FACTORS

Participating in the exchange offers and investing in the exchange notes involves a high degree of risk. You should read and consider carefully each of the following factors, and the risk factors set forth in our Annual Report on Form 10-K for the year ended December 31, 2023, and our Quarterly Reports on Form 10-Q, as well as the other information contained in this prospectus, before making a decision on whether to participate in the exchange offers and invest in the exchange notes. If any of these risks actually occurs, it could have a material adverse effect on our business. These risks are not the only ones faced by us. Additional risks not known or which are presently deemed immaterial could also materially and adversely affect our financial condition, results of operations, business and prospects. Each of the risks could materially and adversely affect our business, financial condition, results of operations and prospects, and could result in a partial or complete loss of your investment.

Risks Relating to the Exchange Offers

Holders who fail to exchange their existing notes will continue to be subject to restrictions on transfer.

If you do not exchange your existing notes for exchange notes in the exchange offers, you will continue to be subject to the restrictions on transfer of your existing notes described in the legend on your existing notes. The restrictions on transfer of your existing notes arise because we issued the existing notes under exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, you may only offer or sell the existing notes if they are registered under the Securities Act and applicable state securities laws, or are offered and sold under an exemption from these requirements. We do not plan to register the existing notes under the Securities Act. The restrictions on transferability may adversely affect the price that third parties would pay for such notes.

Broker-dealers or holders of notes may become subject to the registration and prospectus delivery requirements of the Securities Act.

Any broker-dealer that:

- exchanges its existing notes in the exchange offers for the purpose of participating in a distribution of the exchange notes; or
- resells exchange notes that were received by it for its own account in the exchange offers

may be deemed to have received restricted securities and may be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction by that broker-dealer. Any profit on the resale of the exchange notes and any commission or concessions received by a broker-dealer may be deemed to be underwriting compensation under the Securities Act. In addition to broker-dealers, any holder of notes that exchanges its existing notes in the exchange offers for the purpose of participating in a distribution of the exchange notes may be deemed to have received restricted securities and may be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction by that holder.

You may suffer adverse consequences if you do not exchange your existing notes.

The existing notes that are not exchanged for exchange notes have not been registered with the SEC or in any state. Unless the existing notes are registered, they may only be offered and sold pursuant to an exemption from, or in a transaction that is not subject to, the registration requirements of the Securities Act. Depending upon the percentage of existing notes exchanged for exchange notes, the liquidity of the existing notes may be adversely affected, which may have an adverse effect on the price of the existing notes.

Your existing notes will not be accepted for exchange if you fail to follow the exchange offer procedures.

We will issue the exchange notes pursuant to the exchange offers only following the satisfaction of the procedures and conditions set forth in “The Exchange Offers — Procedures for Tendering,” including the timely receipt of your existing notes, a properly completed and duly executed letter of transmittal or a valid agent’s message through DTC’s ATOP and all other required documents.

Therefore, if you want to tender your existing notes, please allow sufficient time to ensure timely delivery. If we do not receive the required documents prior to the expiration date of the exchange offers, we will not accept your existing notes for exchange. We are under no duty to give notification of defects or irregularities with respect to the tenders of existing notes for exchange. If there are defects or irregularities with respect to your tender of existing notes, we will not accept your existing notes for exchange.

Risks Relating to the Exchange Notes

Our failure to comply with the covenants contained under any of our debt instruments, including the Indentures (including our failure to comply as a result of events beyond our control), could result in an event of default that would materially and adversely affect our financial condition.

Our failure to comply with the covenants under any of our debt instruments, including our indentures governing our senior unsecured notes (including our failure to comply as a result of events beyond our control, including the change in the fair value of our investment in the Investment Funds) may trigger a default or event of default under such instruments. If there were an event of default under one of our debt instruments, the holders of the defaulted debt could cause all amounts outstanding with respect to that debt to be due and payable immediately. In addition, any event of default or declaration of acceleration under one debt instrument could result in an event of default and declaration of acceleration under one or more of our other debt instruments. It is possible that, if the defaulted debt is accelerated, our assets and cash flow may not be sufficient to fully repay borrowings under our outstanding debt instruments and we cannot assure you that we would be able to refinance or restructure the payments on those debt securities.

To service our indebtedness, we will require a significant amount of cash. Our ability to maintain our current cash position or generate cash depends on many factors beyond our control.

Our ability to make payments on and to refinance our indebtedness, including the existing notes, the exchange notes, and our other series of outstanding senior unsecured notes, and to fund operations will depend on existing cash balances and our ability to generate cash in the future. This, to a certain extent, is subject to general economic, financial, competitive, regulatory and other factors that are beyond our control. Our current businesses and businesses that we acquire may not generate sufficient cash to service our outstanding indebtedness, including the existing notes, the exchange notes, and our other series of outstanding senior unsecured notes. In addition, we may not generate sufficient cash flow from operations or investments and future borrowings may not be available to us in an amount sufficient to enable us to service our outstanding indebtedness or to fund our other liquidity needs. We may need to refinance all or a portion of our outstanding indebtedness on or before maturity. We cannot assure you that we will be able to refinance any of our outstanding indebtedness on commercially reasonable terms or at all.

We or our subsidiaries may be able to incur substantially more debt.

We or our subsidiaries may be able to incur substantial additional indebtedness in the future. Under the Indentures, we and Icahn Enterprises Holdings may incur additional indebtedness if we comply with certain financial tests contained in the Indentures. However, our subsidiaries other than Icahn Enterprises Holdings are not subject to any of the covenants contained in the Indentures, including the covenant restricting debt incurrence. If new debt is added to our and our subsidiaries' current debt levels, the related risks that we, and they, now face could intensify. In addition, certain important events, such as leveraged recapitalizations that would increase the level of our indebtedness, would not constitute a "Change of Control" under the Indentures.

The exchange notes will be effectively subordinated to any secured indebtedness, and all the indebtedness and liabilities of our subsidiaries other than Icahn Enterprises Holdings.

The exchange notes will be effectively subordinated to our and Icahn Enterprises Holding's existing and future secured indebtedness to the extent of the collateral securing such indebtedness. As of June 30, 2024, Icahn Enterprises and Icahn Enterprises Holdings did not have any secured indebtedness outstanding. Icahn Enterprises and Icahn Enterprises Holdings may be able to incur substantial additional secured indebtedness in the future. The terms of the Indentures permit Icahn Enterprises and Icahn Enterprises

Holdings to do so, subject to the covenants described under “Description of 2029 Notes — Certain Covenants — Incurrence of Indebtedness and Issuance of Preferred Stock,” “Description of 2030 Notes — Certain Covenants — Incurrence of Indebtedness and Issuance of Preferred Stock,” “Description of 2029 Notes — Certain Covenants — Limitation on Liens” and “Description of 2030 Notes — Certain Covenants — Limitation on Liens.” The exchange notes will also be effectively subordinated to all the indebtedness and liabilities, including trade payables, of all of our subsidiaries, other than Icahn Enterprises Holdings. In the event of a bankruptcy, liquidation or reorganization of any of our subsidiaries, other than Icahn Enterprises Holdings, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets are made available for distribution to us. As of June 30, 2024, our subsidiaries (not including Icahn Enterprises Holdings) had approximately \$1.8 billion of debt and approximately \$747 million of accounts payable to which the exchange notes would have been structurally subordinated.

We may not have sufficient funds necessary to finance the change of control offer required by the Indentures.

Upon the occurrence of a change of control, as defined in the Indentures, we will be required to offer to repurchase all outstanding Notes at 101% of their principal amount plus accrued and unpaid interest and Special Interest, if any, to the date of repurchase. Mr. Icahn, through affiliates, as of June 30, 2024, owned 100% of Icahn Enterprises GP and approximately 85% of our outstanding depository units. If Mr. Icahn were to sell or otherwise transfer some or all of his interests in us to unrelated parties, a change of control could be deemed to have occurred under the terms of the Indentures. However, it is possible that we will not have sufficient funds at the time of the change of control to make the required repurchases of Notes.

The exchange notes impose significant operating and financial restrictions on us and Icahn Enterprises Holdings.

Subject to a number of important exceptions, the Indentures may limit our and Icahn Enterprises Holdings’ ability to, among other things:

- incur additional debt;
- pay dividends and make distributions;
- repurchase equity securities;
- create liens;
- enter into transactions with affiliates; and
- merge or consolidate.

The restrictions contained in the Indentures may prevent us from taking actions that we believe would be in the best interest of our business. A breach of any of these covenants or the inability to comply with the required financial ratios could result in a default under the exchange notes, or the Indentures, as applicable. If any such default occurs, the holders of our notes may elect to declare all of their respective outstanding debt, together with accrued interest and other amounts payable thereunder, to be immediately due and payable.

Our subsidiaries, other than Icahn Enterprises Holdings, will not be subject to any of the covenants in the Indentures and only Icahn Enterprises Holdings will guarantee the exchange notes. We may not be able to rely on the cash flow or assets of our subsidiaries to pay our indebtedness.

Our subsidiaries, other than Icahn Enterprises Holdings, will not be subject to the covenants under the Indentures. We may form or acquire additional subsidiaries in the future that will not be subject to the covenants under the Indentures. Of our existing and future subsidiaries, only Icahn Enterprises Holdings is required to guarantee the exchange notes. Our existing and future non-guarantor subsidiaries may enter into financing arrangements that limit their ability to make dividends, distributions, loans or other payments to fund payments in respect of the exchange notes. Accordingly, we may not be able to rely on the cash flow or assets of our subsidiaries to pay the exchange notes.

A court could void the exchange notes or the respective guarantees under fraudulent conveyance laws.

Under the U.S. bankruptcy law and comparable provisions of the state fraudulent transfer laws, the exchange notes and the respective guarantees could be voided, or claims in respect to the exchange notes

and the respective guarantees could be subordinated to all of our existing debt or our guarantor's other debts if, among other things, we, at the time of the issuance of the exchange notes, or our guarantor, at the time it incurred the indebtedness evidenced by its guarantee:

- intended to hinder, delay or defraud any present or future creditor; or
- received less than reasonably equivalent value and/or fair consideration for the issuance of the exchange notes or the incurrence of the guarantee; and
- were insolvent or rendered insolvent by reason of the issuance of the exchange notes or the incurrence of the guarantee; or
- were engaged in a business or transaction for which our or our guarantor's remaining assets constituted unreasonably small capital; or
- intended to incur, or believed that we or our guarantor would incur, debts beyond our or our guarantor's ability to pay such debts as they mature.

Moreover, any payments made by us on the exchange notes or by our guarantor pursuant to its guarantee could be voided and required to be returned to us or our guarantor, or to a fund for the benefit of our creditors or our guarantor's creditors. To the extent that the exchange notes or the respective guarantees are voided as a fraudulent conveyance, the claims of holders of the exchange notes would be adversely affected.

In addition, a legal challenge of the exchange notes or the respective guarantees on fraudulent transfer grounds will focus on, among other things, the benefits, if any, realized by us, or our guarantor, as a result of the issuance of the exchange notes. The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the governing law. Generally, however, a guarantor would be considered insolvent if:

- the sum of its debts, including contingent liabilities, were greater than the fair saleable value of all of its assets; or
- if the present fair saleable value of its assets were less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or
- it could not pay its debts as they become due.

On the basis of historical financial information, recent operating history and other factors, we believe that the exchange notes are being issued and the respective guarantees are being incurred for proper purposes, in good faith and for fair consideration and reasonably equivalent value, and that we, after giving effect to the issuance of the exchange notes, and the guarantor, after giving effect to its guarantee, will not be insolvent, will not have unreasonably small capital for the business in which it is engaged and will not have incurred debts beyond its ability to pay such debts as they mature. There can be no assurance, however, as to what standard a court would apply in making such determinations, or that a court would agree with our conclusions in this regard.

Active trading markets may not develop for the exchange notes, which may affect your ability to resell your exchange notes.

There is no existing public market for the exchange notes. The exchange notes are not listed on any securities exchange or other market, and we do not intend to apply for listing of the exchange notes on any securities exchange or other market. The exchange notes will constitute a new issue of securities with no established trading market, and there is a risk that:

- a liquid trading market for the exchange notes may not develop;
- holders may not be able to sell their exchange notes; or
- the price at which the holders would be able to sell their exchange notes may be lower than anticipated and lower than the principal amount or original purchase price.

An active trading market may not develop for the exchange notes, and any trading market that does develop may not be liquid. Even if the registration statement becomes effective, which will generally allow resales of the exchange notes, the exchange notes will constitute a new issue of securities with no established trading market. If a trading market for the exchange notes were to develop, the trading price of the exchange notes will depend on many factors, including prevailing interest rates, the market for similar debt and our financial performance. In addition, the market for non-investment grade debt historically has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the exchange notes. The market for the exchange notes, if any, may be subject to similar disruptions that could adversely affect their value and liquidity.

In addition, any holder who exchanges its existing notes in the exchange offers for the purpose of participating in a distribution of the exchange notes may be deemed to have received restricted securities, and if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

The credit ratings of the exchange notes may not reflect all risks of an investment in the exchange notes and changes in our credit rating could adversely affect the market prices or liquidity of the exchange notes.

The credit ratings of the exchange notes will reflect the rating agencies' assessments of our ability to make payments on the exchange notes when due. Credit rating agencies continually revise their ratings for the companies that they follow, including us. The credit rating agencies also evaluate our industry as a whole and may change their credit ratings for us based on their overall view of the industry in which we operate. Consequently, real or anticipated changes in these credit ratings will generally affect the market value of the exchange notes. These credit ratings, however, may not reflect the potential impact of risks related to the structure, market or other factors related to the values of the exchange notes. We cannot be sure that credit rating agencies will maintain the current ratings on the exchange notes. A negative change in our ratings could have an adverse effect on the market prices of the exchange notes.

USE OF PROCEEDS

We will not receive any cash proceeds from the issuance of the exchange notes. In consideration for issuing the exchange notes as contemplated in this prospectus, we will receive in exchange existing notes in like principal amount. The existing notes surrendered in exchange for exchange notes will be retired and canceled and cannot be reissued. Issuance of the exchange notes will not result in a change in our amount of outstanding debt.

THE EXCHANGE OFFERS

Purpose of the Exchange Offers

In connection with the sale of the existing notes, we entered into the registration rights agreements in which we agreed to:

- file a registration statement with the SEC with respect to the exchange of the existing notes for exchange notes (the “exchange offer registration statement”), no later than 365 days after the closing of each respective series of existing notes;
- use all commercially reasonable efforts to have the exchange offer registration statement declared effective by the SEC on or prior to 365 days after the closing of each respective series of existing notes; and
- commence the offers to exchange the exchange notes for the existing notes and use all commercially reasonable efforts to issue on or prior to 30 business days, or longer if required by the federal securities laws, after the date on which the exchange offer registration statement was declared effective by the SEC, exchange notes in exchange for all existing notes tendered prior to that date in the exchange offers.

Resale of Exchange Notes

Under existing interpretations of the Securities Act by the staff of the SEC contained in several no-action letters to third parties, we believe that the exchange notes will generally be freely transferable by holders who have validly participated in the exchange offers without further registration under the Securities Act (assuming the truth of certain representations required to be made by each holder of notes, as set forth below). For additional information on the Staff’s position, we refer you to the following no-action letters: Exxon Capital Holdings Corporation, available April 13, 1988; Morgan Stanley & Co. Incorporated, available June 5, 1991; and Shearman & Sterling, available July 2, 1993. However, any purchaser of existing notes who is one of our “affiliates” or who intends to participate in the exchange offers for the purpose of distributing the exchange notes or who is a broker-dealer who purchased existing notes from us to resell pursuant to Rule 144A or any other available exemption under the Securities Act:

- will not be able to tender its existing notes in the exchange offers;
- will not be able to rely on the interpretations of the Staff of the SEC; and
- must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the existing notes unless such sale or transfer is made pursuant to an exemption from these requirements.

If you wish to exchange existing notes for exchange notes in the exchange offers, you will be required to make representations in the letter of transmittal that accompanies this prospectus, including that:

- you are not our “affiliate” (as defined in Rule 405 promulgated under the Securities Act);
- any exchange notes to be received by you will be acquired in the ordinary course of your business;
- you have no arrangement or understanding with any person to participate in the distribution of the exchange notes in violation of the provisions of the Securities Act;
- if you are not a broker-dealer, you are not engaged in, and do not intend to engage in, a distribution of exchange notes; and
- if you are a broker-dealer, you acquired the existing notes for your own account as a result of market-making or other trading activities (and as such, you are a “participating broker-dealer”), you have not entered into any arrangement or understanding with us or any of our affiliates to distribute the exchange notes and you will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the exchange notes.

Rule 405 promulgated under the Securities Act provides that an “affiliate” of, or person “affiliated” with, a specified person, is a person that directly, or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with, the person specified.

The SEC has taken the position that participating broker-dealers may be deemed to be “underwriters” within the meaning of the Securities Act, and accordingly may fulfill their prospectus delivery requirements with respect to the exchange notes, other than a resale of an unsold allotment from the original sale of the existing notes, with the prospectus contained in the exchange offer registration statement. Under the registration rights agreements, we have agreed to use commercially reasonable efforts to allow participating broker-dealers and other persons, if any, subject to similar prospectus delivery requirements, to use this prospectus in connection with the resale of the exchange notes for a period of 270 days from the issuance of the exchange notes.

Terms of the Exchange Offers

This prospectus and the accompanying letters of transmittal contain the terms and conditions of the exchange offers. Upon the terms and subject to the conditions set forth in this prospectus and in the accompanying letters of transmittal, we will accept for exchange all existing notes that are properly tendered and not withdrawn prior to 5:00 p.m., New York City time, on the expiration date. After authentication of the exchange notes by the trustee or an authentication agent, we will issue and deliver \$1,000 principal amount of exchange notes in exchange for each \$1,000 principal amount of outstanding existing notes accepted in the exchange offers, provided that holders may tender some or all of their existing notes in the exchange offers only in minimum denominations of \$2,000 in principal amount and integral multiples of \$1,000 in excess thereof.

The form and terms of the exchange notes are identical in all material respects to the form and terms of the existing notes, except that:

- (1) the offering of the exchange notes has been registered under the Securities Act;
- (2) the exchange notes will bear different CUSIP numbers from the existing notes;
- (3) the exchange notes generally will not be subject to transfer restrictions or have registration rights; and
- (4) certain provisions relating to special interest on the existing notes provided for under certain circumstances will be eliminated.

The exchange notes will evidence the same debt as the existing notes. The exchange notes will be issued under and entitled to the benefits of the Indentures.

In connection with the issuance of the existing notes, we made arrangements for the existing notes to be issued and transferable in book-entry form through the facilities of DTC, acting as a depository. The exchange notes will also be issuable and transferable in book-entry form through DTC.

The exchange offers are not conditioned upon any minimum aggregate principal amount of existing notes being tendered. However, our obligation to accept existing notes for exchange pursuant to the exchange offers is subject to certain customary conditions that we describe under “— Conditions” below.

Holders who tender existing notes in the exchange offers will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of existing notes pursuant to the exchange offers. We will pay all charges and expenses, other than certain applicable taxes, in connection with the exchange offers. See “— Solicitation of Tenders; Fees and Expenses” for more detailed information regarding the expenses of the exchange offers.

By executing or otherwise becoming bound by the letter of transmittal, you will be making the representations described under “— Resale of Exchange Notes” above.

Expiration Date; Extensions; Amendments

The term “expiration date” will mean 5:00 p.m., New York City time, on October 17, 2024, unless we, in our sole discretion, extend the exchange offers, in which case the term “expiration date” will mean the latest date and time to which we extend the exchange offers.

In order to extend the exchange offers, we will notify the exchange agent of any extension orally (promptly confirmed in writing) or in writing. We will also notify the registered holders of the existing notes by means of a press release or other public announcement, in any case before 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

We reserve the right, in our reasonable discretion:

- to delay accepting any existing notes;
- to extend the exchange offers; or
- if any conditions listed below under “— Conditions” are not satisfied, to terminate the exchange offers.

We will follow any delay in acceptance, extension or termination as promptly as practicable by oral (promptly confirmed in writing) or written notice to the exchange agent and the registered holders of the existing notes. If we amend the exchange offers in a manner we determine constitutes a material change, we will promptly disclose the amendment in a prospectus supplement that we will distribute to the registered holders of the existing notes.

Interest on the Exchange Notes

Interest on the exchange notes will accrue from the last interest payment date on which interest was paid on the existing notes surrendered in exchange for exchange notes or, if no interest has been paid on the existing notes, from December 19, 2023 with respect to the 2029 existing notes and from May 28, 2024 with respect to the 2030 existing notes. We will make interest payments on the 2029 exchange notes semi-annually in arrears on January 15 and July 15 of each year. We will make interest payments on the 2030 exchange notes semi-annually in arrears on June 15 and December 15 of each year.

Procedures for Tendering

Only you may tender your existing notes in the exchange offers. Except as stated under “— Book-Entry Transfer,” to tender your existing notes in the exchange offers, you must:

- complete, sign and date the enclosed letter of transmittal for such existing notes, or a copy of it;
- have the signature on the letter of transmittal guaranteed if required by the letter of transmittal or transmit an agent’s message in connection with a book-entry transfer; and
- mail, fax or otherwise deliver the letter of transmittal or copy to the exchange agent before the expiration date.

In addition, either:

- the exchange agent must receive a timely confirmation of a book-entry transfer of your existing notes, if that procedure is available, into the account of the exchange agent at DTC, the “book-entry transfer facility,” under the procedure for book-entry transfer described below before the expiration date;
- the exchange agent must receive certificates for your existing notes, the letter of transmittal and other required documents before the expiration date; or
- you must comply with the guaranteed delivery procedures described below.

For your existing notes to be tendered effectively, the exchange agent must receive a valid agent’s message through DTC’s ATOP or a letter of transmittal and other required documents before the expiration date. Delivery of the existing notes shall be made by book-entry transfer in accordance with the procedures described below. Confirmation of the book-entry transfer must be received by the exchange agent before the expiration date.

The term “agent’s message” means a message, transmitted by a book-entry transfer facility to, and received by, the exchange agent forming a part of a confirmation of a book-entry, which states that the book-entry transfer facility has received an express acknowledgment from the participant in the book-entry transfer facility tendering the outstanding securities that the participant has received and agrees:

- to participate in ATOP;
- to be bound by the terms of the letter of transmittal; and
- that we may enforce the agreement against the participant.

If you do not withdraw your tender before the expiration date, it will constitute an agreement between you and us in compliance with the terms and conditions in this prospectus and in the letter of transmittal.

THE METHOD OF DELIVERY OF YOUR EXISTING NOTES, A LETTER OF TRANSMITTAL AND ALL OTHER REQUIRED DOCUMENTS TO THE EXCHANGE AGENT IS AT YOUR ELECTION AND RISK. INSTEAD OF DELIVERY BY MAIL, WE RECOMMEND THAT YOU USE AN OVERNIGHT OR HAND DELIVERY SERVICE. IN ALL CASES, YOU SHOULD ALLOW SUFFICIENT TIME TO ASSURE DELIVERY TO THE EXCHANGE AGENT BEFORE THE EXPIRATION DATE. DO NOT SEND A LETTER OF TRANSMITTAL OR EXISTING NOTES DIRECTLY TO US. YOU MAY REQUEST YOUR RESPECTIVE BROKERS, DEALERS, COMMERCIAL BANKS, TRUST COMPANIES OR NOMINEES TO MAKE THE EXCHANGE ON YOUR BEHALF.

Each broker-dealer that receives exchange notes for its own account in exchange for existing notes, where the existing notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. See “Plan of Distribution.”

Procedure if the Existing Notes Are Not Registered in Your Name

If you are a beneficial owner whose existing notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you want to tender your existing notes, you should contact the registered holder promptly and instruct the registered holder to tender on your behalf. If you want to tender on your own behalf, you must, before completing and executing a letter of transmittal and delivering your existing notes, either make appropriate arrangements to register ownership of the existing notes in your name or obtain a properly completed bond power or other proper endorsement from the registered holder. We urge you to act immediately since the transfer of registered ownership may take considerable time.

Book-Entry Transfer

The exchange agent will make requests to establish accounts at the book-entry transfer facility for purposes of the exchange offers within two business days after the date of this prospectus. If you are a financial institution that is a participant in the book-entry transfer facility’s systems, you may make book-entry delivery of your existing notes being tendered by causing the book-entry transfer facility to transfer your existing notes into the exchange agent’s account at the book-entry transfer facility in compliance with the appropriate procedures for transfer. However, although you may deliver your existing notes through book-entry transfer at the book-entry transfer facility, you must transmit, and the exchange agent must receive, a letter of transmittal or copy of the letter of transmittal, with any required signature guarantees and any other required documents, except as discussed in the following paragraph, before the expiration date or the guaranteed delivery procedures outlined below must be complied with.

DTC’s ATOP is the only method of processing the exchange offers through DTC. To accept the exchange offers through ATOP, participants in DTC must send electronic instructions to DTC through DTC’s communication system instead of sending a signed, hard copy letter of transmittal. DTC is obligated to communicate those electronic instructions to the exchange agent. To tender your existing notes through ATOP, the electronic instructions sent to DTC and transmitted by DTC to the exchange agent must contain the participant’s acknowledgment of its receipt of an agreement to be bound by the letter of transmittal for your existing notes.

Beneficial Owner Instructions to Holders of Existing Notes

Only a holder whose name appears on a DTC security position listing as a holder of existing notes, or the legal representative or attorney-in-fact of such holder, may execute and deliver the letter of transmittal.

Holders of existing notes who are not registered holders of, and who seek to tender, existing notes should (1) obtain a properly completed letter of transmittal for such existing notes from the registered holder with signatures guaranteed by an Eligible Institution (as defined in the Letter of Transmittal) and obtain and include with such letter of transmittal existing notes properly endorsed for transfer by the registered holder thereof or accompanied by a written instrument or instruments of transfer or exchange from the registered holder with signatures on the endorsement or written instrument or instruments of transfer or exchange guaranteed by an Eligible Institution or (2) effect a record transfer of such existing notes and comply with the requirements applicable to registered holders for tendering existing notes before 5:00 p.m., New York City time, on the expiration date. Any existing notes properly tendered before 5:00 p.m., New York City time, on the expiration date accompanied by a properly completed letter of transmittal will be transferred of record by the registrar either prior to or as of the expiration date at our discretion. We have no obligation to transfer any existing notes from the name of the registered holder of the existing notes if we do not accept these existing notes for exchange.

Tendering holders should indicate in the applicable box in the letter of transmittal the name and address to which payment of accrued and unpaid interest on the existing notes, certificates evidencing exchange notes and/or certificates evidencing existing notes for amounts not accepted for tender, each as appropriate, are to be issued or sent, if different from the name and address of the person signing the letter of transmittal. In the case of issuance in a different name, the employer identification or social security number of the person named must also be indicated and an Internal Revenue Service (“IRS”) Form W-9 for this recipient must be completed. If these instructions are not given, the payments, including accrued and unpaid interest in cash on the existing notes, exchange notes or existing notes not accepted for tender, as the case may be, will be made or returned, as the case may be, to the registered holder of the existing notes tendered.

Issuance of exchange notes in exchange for existing notes will be made only against deposit of the tendered existing notes.

We will decide all questions as to the validity, form, eligibility, acceptance and withdrawal of tendered existing notes, and our determination will be final and binding on you. We reserve the absolute right to reject any and all existing notes not properly tendered or reject any existing notes the acceptance of which would be unlawful in the opinion of our counsel. We also reserve the right to waive any defects, irregularities or conditions of tender as to particular existing notes. Our interpretation of the terms and conditions of the exchange offers, including the instructions in a letter of transmittal, will be final and binding on all parties. You must cure any defects or irregularities in connection with tenders of existing notes as we determine. Although we intend to notify you of defects or irregularities with respect to tenders of your existing notes, neither we, the trustee, the exchange agent nor any other person will incur any liability for failure to give any notification. Your tender of existing notes will not be deemed to have been made until any defects or irregularities have been cured or waived. Any of your existing notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned by the exchange agent to you, unless otherwise provided in the letter of transmittal, as soon as practicable following the expiration date.

Guaranteed Delivery Procedures

If you wish to tender your existing notes but your existing notes are not immediately available, or time will not permit your existing notes or other required documents to reach the exchange agent before the expiration date, or the procedure for book-entry transfer cannot be completed on a timely basis, you may effect a tender if:

- the tender is made through an Eligible Institution;
- prior to the expiration date, the exchange agent receives from such Eligible Institution a properly completed and duly executed notice of guaranteed delivery for such existing notes, by facsimile transmittal, mail or hand delivery:
 - stating the name and address of the holder, the certificate number or numbers of such holder’s existing notes and the principal amount of such existing notes tendered;
 - stating that the tender is being made thereby; and

- guaranteeing that, within one Nasdaq trading day after the expiration date, the letter of transmittal, or a facsimile thereof, together with the certificate(s) representing the existing notes to be tendered in proper form for transfer, or an agent's message and confirmation of a book-entry transfer into the exchange agent's account at DTC of existing notes delivered electronically, and any other documents required by the letter of transmittal, will be deposited by the Eligible Institution with the exchange agent; and
- such properly completed and executed letter of transmittal, or a facsimile thereof, together with the certificate(s) representing all tendered existing notes in proper form for transfer, or an agent's message and confirmation of a book-entry transfer into the exchange agent's account at DTC of existing notes delivered electronically and all other documents required by the letter of transmittal are received by the exchange agent within one Nasdaq trading day after the expiration date.

Upon request, the exchange agent will send to you a notice of guaranteed delivery if you wish to tender your existing notes according to the guaranteed delivery procedures described above.

Withdrawal of Tenders

Except as otherwise provided in this prospectus, you may withdraw tenders of existing notes at any time prior to the expiration date.

For a withdrawal to be effective, the exchange agent must receive a written or facsimile transmission notice of withdrawal at its address set forth in this prospectus prior to the expiration date. Any such notice of withdrawal must:

- specify the name of the person who deposited the existing notes to be withdrawn;
- identify the existing notes to be withdrawn, including the certificate number or number and principal amount of such existing notes or, in the case of existing notes transferred by book-entry transfer, the name and number of the account at DTC to be credited; and
- be signed in the same manner as the original signature on the letter of transmittal by which such existing notes were tendered, including any required signature guarantee.

We will determine in our sole discretion all questions as to the validity, form and eligibility, including time of receipt, of such withdrawal notices, and our determination shall be final and binding on all parties. We will not deem any properly withdrawn existing notes to have been validly tendered for purposes of the exchange offers, and we will not issue exchange notes with respect to those existing notes unless you validly retender the withdrawn existing notes. You may retender properly withdrawn existing notes following one of the procedures described above under “— Procedures for Tendering” at any time prior to the expiration date.

Conditions

Notwithstanding any other term of the exchange offers, we will not be required to accept for exchange, or exchange the exchange notes for, any existing notes, and may terminate either of the exchange offers as provided in this prospectus before the acceptance of the existing notes, if:

- the exchange offer violates applicable law, rules or regulations or an applicable interpretation of the staff of the SEC;
- an action or proceeding has been instituted or threatened in any court or by any governmental agency that might materially impair our ability to proceed with the exchange offer;
- there has been proposed, adopted or enacted any law, rule or regulation that, in our reasonable judgment, would impair materially our ability to consummate the exchange offer; or
- all governmental approvals that we deem necessary for the completion of the exchange offer have not been obtained.

If we determine in our reasonable discretion that any of these conditions are not satisfied, we may:

- refuse to accept any existing notes and return all tendered existing notes to you;

- extend the exchange offers and retain all existing notes tendered before the exchange offers expire, subject, however, to your rights to withdraw the existing notes; or
- waive the unsatisfied conditions with respect to the exchange offers and accept all properly tendered existing notes that have not been withdrawn.

If the waiver constitutes a material change to any exchange offer, we will promptly disclose the waiver by means of a prospectus supplement that we will distribute to the registered holders of the existing notes.

If satisfactory evidence of payment of such taxes or exemption therefrom is not submitted with the letter of transmittal, the amount of such transfer taxes will be billed by us directly to such tendering holder.

Consequences of Failure to Exchange

Participation in the exchange offers is voluntary. We urge you to consult your financial and tax advisors in making your decisions on what action to take. Existing notes that are not exchanged for exchange notes pursuant to the exchange offers will remain restricted securities. Accordingly, those existing notes may be resold only:

- in a transaction meeting the requirements of Rule 144 promulgated under the Securities Act;
- outside the United States to a foreign person in a transaction meeting the requirements of Rule 903 or 904 of Regulation S promulgated under the Securities Act;
- in accordance with another exemption from the registration requirements of the Securities Act and based upon an opinion of counsel if we so request;
- to us; or
- pursuant to an effective registration statement.

In each case, the existing notes may be resold only in accordance with any applicable securities laws of any state of the United States or any other applicable jurisdiction.

DESCRIPTION OF 2029 NOTES

General

You can find the definitions of certain terms used in this “Description of 2029 Notes” under the subheading “Certain Definitions.” In this “Description of 2029 Notes”, the term “Icahn Enterprises” refers only to Icahn Enterprises L.P., the term “Icahn Enterprises Finance” refers only to Icahn Enterprises Finance Corp., the term “Icahn Enterprises Holdings” refers only to Icahn Enterprises Holdings L.P., and the term “Icahn Enterprises GP” refers only to Icahn Enterprises G.P. Inc. and not to any of their respective Subsidiaries. For the avoidance of doubt, Icahn Enterprises Holdings will be deemed to be a Subsidiary of Icahn Enterprises for so long as Icahn Enterprises Holdings remains a Guarantor. The term “Issuers” refers to Icahn Enterprises and Icahn Enterprises Finance, collectively.

The Issuers issued \$700,000,000 in aggregate principal amount of 2029 existing notes on December 19, 2023. The Issuers issued the Notes under an indenture dated December 19, 2023 (the “Indenture”) by and among the Issuers, Icahn Enterprises Holdings, as guarantor, and Wilmington Trust, National Association, a national banking association, as trustee (the “trustee”). The Indenture is subject to and governed by the Trust Indenture Act of 1939, as amended (the “TIA”), and the terms of the Notes will include those stated in the Indenture and those made part of the Indenture by reference to the TIA. Unless the context otherwise requires, for all purposes of the Indenture and this “Description of Notes” references to the “Notes” include the Notes and any Additional Notes (as defined below) issued after the date the Notes are issued.

The following description is a summary of the material provisions of the Indenture. It does not restate the Indenture in its entirety. We urge you to read the Indenture because it, and not this description, defines your rights as holders of the Notes. Copies of the Indenture are available as set forth below under “— Additional Information.” Certain defined terms used in this description but not defined below under “— Certain Definitions” have the meanings assigned to them in the Indenture.

For the avoidance of doubt, the inclusion of exceptions to the provisions (including covenants and definitions) set forth herein will not be interpreted to imply that the matters permitted by the exception would be limited by the terms of such provisions but for such exceptions.

The registered holder of a Note will be treated as the owner of it for all purposes. Only registered holders will have rights under the Indenture.

Brief Description of the Notes and the Note Guarantee

The Notes

The Notes:

- are the general unsecured obligation of each of the Issuers;
- are pari passu in right of payment to all existing and future senior Indebtedness of each of the Issuers;
- are senior in right of payment to any future subordinated Indebtedness of each of the Issuers; and are effectively subordinated to the secured indebtedness of the Issuers to the extent of the value of the collateral securing such Indebtedness. As of June 30, 2024, the Issuers did not have any secured Indebtedness.

The Note Guarantee

The Guarantee of the Notes:

- is the general unsecured obligation of Icahn Enterprises Holdings;
- is pari passu in right of payment to all existing and future senior Indebtedness of Icahn Enterprises Holdings;
- is senior in right of payment to any future subordinated Indebtedness of Icahn Enterprises Holdings; and

- is effectively subordinated to the secured Indebtedness of Icahn Enterprises Holdings to the extent of the value of the collateral securing such Indebtedness. As of June 30, 2024, Icahn Enterprises Holdings did not have any secured Indebtedness.

The operations of Icahn Enterprises are conducted through its Subsidiaries (including Icahn Enterprises Holdings) and, therefore, Icahn Enterprises depends on the cash flow of Icahn Enterprises' Subsidiaries to meet its obligations, including its obligations under the Notes. The Notes will not be guaranteed by any of Icahn Enterprises' Subsidiaries other than Icahn Enterprises Holdings. The Notes and the Note Guarantee will be effectively subordinated in right of payment to all Indebtedness and other liabilities and commitments (including trade payables and lease obligations) of Icahn Enterprises' Subsidiaries other than Icahn Enterprises Holdings. Any right of the Issuers or Icahn Enterprises Holdings to receive assets of any of their Subsidiaries upon that Subsidiary's liquidation or reorganization (and the consequent right of the holders of the Notes to participate in those assets) will be effectively subordinated to the claims of that Subsidiary's creditors, except to the extent that any of the Issuers or Icahn Enterprises Holdings is itself recognized as a creditor of that Subsidiary, in which case the claims of the Issuers and Icahn Enterprises Holdings would still be subordinate in right of payment to any security in the assets of the Subsidiary and any Indebtedness of the Subsidiary senior to that held by the Issuers or Icahn Enterprises Holdings. As of June 30, 2024, Icahn Enterprises' Subsidiaries (other than Icahn Enterprises Holdings) had approximately \$1.8 billion of Indebtedness and approximately \$747 million of accounts payable outstanding. The covenants of the Notes do not restrict the ability of Icahn Enterprises' Subsidiaries, other than Icahn Enterprises Holdings, from incurring additional Indebtedness or creating liens, nor do the covenants of the Notes restrict the ability of Icahn Enterprises Holdings, Icahn Enterprises or its Subsidiaries from making investments or entering into sale and leaseback transactions. See "Risk Factors — Risks Related to the Notes — The Notes will be effectively subordinated to any secured indebtedness, and all the indebtedness and liabilities of our subsidiaries other than Icahn Enterprises Holdings" and "Risk Factors — Risks Related to the Notes — Our subsidiaries, other than Icahn Enterprises Holdings, will not be subject to any of the covenants in the Indenture and only Icahn Enterprises Holdings will guarantee the Notes. We may not be able to rely on the cash flow or assets of our subsidiaries to pay our indebtedness."

Principal, Maturity and Interest

The Issuers may issue additional Notes (the "Additional Notes") from time to time after consummation of the exchange offer. Any offering of Additional Notes is subject to the covenant described under the heading "— Certain Covenants — Incurrence of Indebtedness and Issuance of Preferred Stock." The Notes and any Additional Notes subsequently issued under the Indenture will be treated as a single class for all purposes under the Indenture, including, without limitation, waivers, amendments, redemption and offers to purchase. The Issuers will issue the 2029 exchange notes for a like principal amount of 2029 existing notes in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Notes will mature on January 15, 2029. The Notes will pay interest at the rate of 9.750% per annum, which will be payable semi-annually in arrears on January 15th and July 15th. Interest on the Notes will be payable commencing on July 15, 2024. The Issuers will make each interest payment to the holders of record on the immediately preceding January 1st and July 1st of each year, and Interest on the Notes will accrue from the date of original issuance. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Notes

If a registered noteholder holds at least \$2.0 million aggregate principal amount of Notes, such holder may give wire transfer instructions to Icahn Enterprises and the Issuers will instruct the paying agent to pay all principal, interest and premium if any, on that holder's Notes in accordance with those instructions. All other payments on the Notes will be made at the office or agency of the paying agent and registrar unless the Issuers elect to make interest payments by check mailed to the noteholders at their address set forth in the register of holders. In addition, all payments will be subject to the applicable rules and procedures of the settlement systems including, if applicable, those of the Euroclear System ("Euroclear") and Clearstream Banking, S.A. ("Clearstream"), which may change from time to time.

Paying Agent and Registrar for the Notes

The trustee will initially act as paying agent and registrar. The Issuers may change the paying agent or registrar without prior notice to the holders of the Notes, and the Issuers or any of their Subsidiaries (including Icahn Enterprises Holdings) may act as paying agent or registrar.

Transfer and Exchange

A holder may transfer or exchange Notes in accordance with the provisions of the Indenture. The Issuers may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. Holders will be required to pay all taxes due on transfer. The Issuers will not be required to transfer or exchange any note selected for redemption. Also, the Issuers will not be required to transfer or exchange any note for a period of 15 days before a selection of Notes to be redeemed or between a record date and the next succeeding payment date.

Note Guarantee

The Notes will be guaranteed by Icahn Enterprises Holdings. Icahn Enterprises may, at its option, add subsidiary Guarantors to the Notes. Each Guarantor's obligations under its Note Guarantee will be limited as necessary to prevent the Note Guarantee from constituting a fraudulent conveyance under applicable law. See "Risk Factors — A court could void the exchange notes or the respective guarantees under fraudulent conveyance laws." Any Guarantor's Note Guarantee will be released:

- (1) upon the substitution of a successor to Icahn Enterprises Holdings or other release as described under the heading "— Certain Covenants — Merger, Consolidation or Sale of Assets"; and
- (2) upon legal defeasance, covenant defeasance or satisfaction and discharge of the Indenture as provided below under the captions "— Legal Defeasance and Covenant Defeasance" and "— Satisfaction and Discharge."

Optional Redemption

At any time prior to October 15, 2028 (three months prior to the maturity date of the Notes), the Issuers may on any one or more occasions redeem all or a part of the Notes, upon not less than 10 nor more than 60 days' notice, at a redemption price equal to 100% of the principal amount of the Notes redeemed, plus the Applicable Notes Premium as of, and accrued and unpaid interest, if any, to but excluding the date of redemption, subject to the rights of holders of Notes on the relevant record date to receive interest due on the relevant interest payment date. At any time on or after October 15, 2028 (three months prior to the maturity date of the Notes), the Issuers may redeem all or a part of the Notes at a redemption price equal to 100% of the principal amount plus accrued and unpaid interest, if any, on the Notes redeemed, to but excluding the applicable redemption date.

Except pursuant to the preceding paragraph, the Notes are not otherwise redeemable at the Issuers' option prior to October 15, 2028.

Mandatory Redemption

The Issuers are not required to make mandatory redemption or sinking fund payments with respect to the Notes.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, each holder of Notes will have the right to require the Issuers to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that holder's Notes pursuant to a Change of Control Offer on the terms set forth in the Indenture. In the Change of Control Offer, the Issuers are required to offer a Change of Control payment in cash equal to 101% of the aggregate principal amount of Notes repurchased plus accrued and unpaid interest, if any, on the Notes

repurchased, to but excluding the date of purchase. Within 30 days following any Change of Control, unless, prior to the occurrence of such Change of Control, the Issuers have exercised their right to redeem all of the Notes by sending a notice of redemption to the holders as described under “— Optional Redemption,” the Issuers will send a notice to each holder, by mail or electronically in accordance with the procedures of the depositary, describing the transaction or transactions that constitute the Change of Control and offering to repurchase Notes on the Change of Control payment date specified in the notice, which date will be no earlier than 10 days and no later than 60 days from the date such notice is sent, pursuant to the procedures required by the Indenture and described in such notice.

On the Change of Control payment date, the Issuers will, to the extent lawful:

- (1) accept for payment all Notes or portions of Notes properly tendered and not withdrawn pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control payment in respect of all Notes or portions of Notes properly tendered; and
- (3) deliver or cause to be delivered to the trustee the Notes properly accepted together with an Officers’ Certificate stating the aggregate principal amount of Notes or portions of Notes being purchased by the Issuers.

The paying agent will promptly send to each holder of Notes properly tendered the Change of Control payment for such Notes, and subject to the requirements set forth in the Indenture, the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; provided that each new note will be in a principal amount of \$2,000 or an integral multiple of \$1,000. The Issuers will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control payment date.

The provisions described above that require the Issuers to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control, the Indenture does not contain provisions that permit the holders of the Notes to require that the Issuers repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

The Issuers will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Issuers and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer.

The definition of Change of Control includes a phrase relating to the sale, lease, transfer, conveyance or other disposition by Icahn Enterprises or Icahn Enterprises Holdings of “all or substantially all” of its properties or assets. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of Notes to require the Issuers to repurchase its Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Icahn Enterprises or Icahn Enterprises Holdings to another Person or group may be uncertain. In addition, under certain circumstances the definition of Change of Control excludes certain sales, leases, transfers, conveyances or other dispositions even if they constitute “all or substantially all” of the properties or assets of Icahn Enterprises or Icahn Enterprises Holdings.

Selection and Notice

If less than all of the Notes are to be redeemed at any time, Notes will be selected for redemption on a pro rata basis (or, in the case of Notes issued in global form as discussed under “— Book-Entry, Delivery and Form,” in accordance with the procedures of the depositary) unless otherwise required by law or applicable stock exchange requirements.

No Notes of \$2,000 or less can be redeemed in part. At least 10 but not more than 60 days before the redemption date, notices of redemption will be sent to each holder of Notes to be redeemed by electronic

transmission in accordance with the procedures of the depositary in the case of Notes that are in the form of Global Notes, or by first class mail at its registered address, except that redemption notices may be sent more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture. Any redemption may, at the Issuers' option, be subject to the satisfaction of one or more conditions precedent. In addition, if such redemption or notice is subject to satisfaction of one or more conditions precedent, such notice shall state that, in the Issuers' discretion, the redemption date may be delayed until such time as any or all such conditions are satisfied, or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions are not satisfied by the redemption date, or by the redemption date so delayed.

If any Note is to be redeemed in part only, the notice of redemption that relates to that Note will state the portion of the principal amount of that Note that is to be redeemed. A new Note in principal amount equal to the unredeemed portion of the original Note will be issued in the name of the holder of Notes upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Notes or portions of Notes called for redemption (unless the Issuers default in the payment of the redemption price and accrued interest, if any).

Certain Covenants

Restricted Payments

Icahn Enterprises will not, and will not permit any of its Subsidiaries (including any Guarantor) to:

- (1) declare or pay any dividend or make any other distribution on account of Icahn Enterprises' or any of its Subsidiaries' (including any Guarantor's) Equity Interests or to the holders of Icahn Enterprises' or any of its Subsidiaries' (including Icahn Enterprises Holdings') Equity Interests in their capacity as such (other than dividends or distributions payable in Equity Interests (other than Disqualified Stock) of Icahn Enterprises or to Icahn Enterprises or a Subsidiary of Icahn Enterprises (including Icahn Enterprises Holdings));
- (2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving Icahn Enterprises) any Equity Interests of Icahn Enterprises; or
- (3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness of Icahn Enterprises or any Guarantor that is contractually subordinated to the Notes or to any Note Guarantee excluding any intercompany Indebtedness between or among Icahn Enterprises and any of its Subsidiaries (including any Guarantor), except a payment of interest, Other Liquidated Damages or principal at the Stated Maturity on such subordinated Indebtedness (all such payments and other actions set forth in these clauses (1) through (3) (except as excluded therein) above being collectively referred to as "Restricted Payments"),

unless, at the time of and after giving effect to such Restricted Payment:

- (1) no Default or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Payment;
- (2) Icahn Enterprises or any Guarantor would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the most recently ended four-quarter period for which financial statements are available, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the first paragraph of the covenant described below under the caption "— Incurrence of Indebtedness and Issuance of Preferred Stock"; and
- (3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by Icahn Enterprises and its Subsidiaries (including any Guarantor) since January 15, 2010 (excluding Restricted Payments permitted by clauses (2), (3), (4), (6), (8) and (9) of the next succeeding paragraph) is less than the sum, without duplication, of:

- (a) 50% of the difference of (x) the Consolidated Net Income of Icahn Enterprises for the period (taken as one accounting period) from April 1, 2010 to the end of Icahn Enterprises' most recently ended fiscal quarter for which financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit) minus (y) all dividends and distributions paid pursuant to clause (8) of the next succeeding paragraph; provided, however, that to the extent any payments of Tax Amounts were not deducted in the calculation of Consolidated Net Income during the applicable period, for purposes of this clause (a), such payments of Tax Amounts will be deducted from Consolidated Net Income, plus
- (b) 100% of the aggregate net cash proceeds received by Icahn Enterprises since January 15, 2010 as a contribution to its equity capital or from the issue or sale of Equity Interests of Icahn Enterprises (excluding Disqualified Stock) or from the issue or sale of convertible or exchangeable Disqualified Stock or convertible or exchangeable debt securities of Icahn Enterprises that have been converted into or exchanged for such Equity Interests (other than Equity Interests or Disqualified Stock or debt securities sold to a Subsidiary of Icahn Enterprises (including Icahn Enterprises Holdings)).

As of June 30, 2024, the amount available for Restricted Payments pursuant to this clause (3), assuming Icahn Enterprises was also in compliance with clauses (1) and (2) above, would have been approximately \$507 million.

So long as no Default or Event of Default has occurred and is continuing or would be caused thereby (except with respect to clauses (4) and (6), which payments will be permitted notwithstanding a Default or an Event of Default), the preceding provisions will not prohibit:

- (1) the payment of any dividend or the consummation of any irrevocable redemption or payment within 60 days after the date of declaration of the dividend or giving of the redemption notice or becoming irrevocably obligated to make such payment, as the case may be, if at the date of declaration or notice or becoming irrevocably obligated to make such payment, the dividend or payment would have complied with the provisions of the Indenture;
- (2) the making of any Restricted Payment in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to a Subsidiary of Icahn Enterprises (including any Guarantor)) of, Equity Interests (other than Disqualified Stock) or from the substantially concurrent contribution of equity capital to Icahn Enterprises; provided, however, that the amount of any such net cash proceeds that are utilized for any such Restricted Payment will be excluded from clause (3)(b) of the preceding paragraph;
- (3) the repurchase, redemption, defeasance or other acquisition or retirement for value of Indebtedness of Icahn Enterprises or any Guarantor that is contractually subordinated to the Notes with the net cash proceeds from a substantially concurrent incurrence of Permitted Refinancing Indebtedness;
- (4) the declaration or payment of any dividend or distribution by a Subsidiary of Icahn Enterprises (including any Guarantor) to the holders of its Equity Interests; provided, that if any such dividend or distribution is paid to an Affiliate of the Principal (other than Icahn Enterprises or any of its Subsidiaries (including any Guarantor)), that any such dividend or distribution is paid on a pro rata basis to all holders (including Icahn Enterprises or any of its Subsidiaries (including any Guarantor)) that hold securities whose terms (either contractually or by law) entitle them to the same distribution upon which such dividend or distribution is paid;
- (5) the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of Icahn Enterprises held by any member of Icahn Enterprises' (or any of its Subsidiaries' including any Guarantor's) management pursuant to any management equity subscription agreement, stock option agreement or similar agreement; provided that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests shall not exceed \$2.0 million (other than with respect to Former Employees) in any calendar year;

- (6) for so long as Icahn Enterprises is a partnership or otherwise a pass-through entity for federal income tax purposes for any period, Icahn Enterprises may make cash distributions to its equity holders or partners in an amount not to exceed the Tax Amount for such period; provided that a distribution of the Tax Amount shall be made no earlier than 20 days prior to the due date for such tax (or the date that quarterly estimated taxes are required to be paid) that would be payable by Icahn Enterprises if it were a Delaware corporation;
- (7) the purchase, redemption or retirement for value of Capital Stock of Icahn Enterprises not owned by the Principal, a Related Party or any Affiliate of the Principal or a Related Party, provided that (a) Icahn Enterprises would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the most recently ended four-quarter period for which financial statements are available, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the first paragraph of the covenant described below under the caption “— Incurrence of Indebtedness and Issuance of Preferred Stock” and (b) after giving effect to such purchase, redemption or retirement, the Partners’ Equity is at least \$1.0 billion;
- (8) the payment of dividends on the Common Units; provided, however, that such dividends or distributions may not exceed an annual amount equal to \$1.00 per Common Unit (as adjusted for any Common Unit split, subdivision, consolidation, reclassification or similar occurrence); and
- (9) other Restricted Payments in an aggregate amount, when taken together with all other Restricted Payments made pursuant to this clause (9), not to exceed \$50.0 million since the Issuance Date.

For purposes of determining compliance with this covenant, in the event that a proposed Restricted Payment meets the criteria of more than one of the categories of Restricted Payments described in clauses (1) through (9) above, or is permitted to be made pursuant to the first paragraph of this covenant, Icahn Enterprises may, in its sole discretion, classify (or later reclassify, in whole or in part, in its sole discretion) such Restricted Payment in any manner that complies with this covenant.

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the assets, property or securities proposed to be transferred or issued by Icahn Enterprises or such Subsidiary (including Icahn Enterprises Holdings), as the case may be, pursuant to the Restricted Payment.

Incurrence of Indebtedness and Issuance of Preferred Stock

Neither Icahn Enterprises nor any Guarantor will create, incur, issue, assume, guarantee or otherwise become liable, contingently or otherwise, with respect to (collectively, “incur”) any Indebtedness (including Acquired Debt), and neither Icahn Enterprises nor any Guarantor will issue any Disqualified Stock; provided, however, that Icahn Enterprises or any Guarantor may incur Indebtedness (including Acquired Debt) or issue Disqualified Stock, if immediately after giving effect to the incurrence of additional Indebtedness (including Acquired Debt) or issuance of Disqualified Stock (including a pro forma application of the net proceeds therefrom), the ratio of the aggregate principal amount of all outstanding Indebtedness (excluding Indebtedness incurred or of the type that would be permitted to be incurred pursuant to clauses (4), (7) and (8) of the following paragraph) of Icahn Enterprises and any Guarantor, determined on a consolidated basis between Icahn Enterprises and any Guarantor but on a non-consolidated basis with the Subsidiaries of Icahn Enterprises (other than any Guarantor) and otherwise in accordance with GAAP, (including an amount of Indebtedness equal to the principal amount of any Guarantees by Icahn Enterprises or any Guarantor of any Indebtedness of a Person (that is not Icahn Enterprises or a Subsidiary) to the extent such Guarantees were not included in computing Icahn Enterprises’ or any Guarantor’s outstanding Indebtedness) to the Adjusted Controlled Entity Net Worth, would have been less than 1.15 to 1.

The preceding paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, “Permitted Debt”):

- (1) the incurrence by Icahn Enterprises or any Guarantor of Indebtedness represented by the 2029 existing notes or 2029 exchange notes;

- (2) the incurrence by Icahn Enterprises or any Guarantor of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace Indebtedness (other than intercompany Indebtedness) that was incurred under the first paragraph of this covenant or clauses (1), (2) or (9) of this paragraph or any Existing Indebtedness;
- (3) the incurrence by Icahn Enterprises or any Guarantor of intercompany Indebtedness between or among Icahn Enterprises and any of its Subsidiaries (including Icahn Enterprises Holdings) or the issuance of Disqualified Stock by any Guarantor to Icahn Enterprises;
- (4) the incurrence by Icahn Enterprises or any Guarantor of Hedging Obligations that are incurred in the normal course of business;
- (5) the incurrence by Icahn Enterprises or any Guarantor of Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds, so long as such Indebtedness is covered within five Business Days;
- (6) the incurrence by Icahn Enterprises or any Guarantor of the Existing Indebtedness;
- (7) Indebtedness arising from any agreement entered into by Icahn Enterprises or Icahn Enterprises Holdings providing for indemnification, purchase price adjustment or similar obligations, in each case, incurred or assumed in connection with an asset sale;
- (8) Indebtedness of Icahn Enterprises or any Guarantor attributable to Bad Boy Guarantees; and
- (9) the incurrence by Icahn Enterprises or any Guarantor of additional Indebtedness in an aggregate principal amount at any time outstanding, including all Permitted Refinancing Indebtedness incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (9), not to exceed \$10.0 million at any one time outstanding.

Neither Icahn Enterprises nor any Guarantor will incur any Indebtedness (including Permitted Debt) that is contractually subordinated in right of payment to any other Indebtedness of Icahn Enterprises or any Guarantor unless such Indebtedness is also contractually subordinated in right of payment to the Notes and the Note Guarantee, as applicable, on substantially identical terms; provided, however, that no Indebtedness of Icahn Enterprises or any Guarantor shall be deemed to be contractually subordinated in right of payment to any other Indebtedness of Icahn Enterprises or any Guarantor for purposes of this paragraph solely by virtue of being unsecured or secured to a lesser extent or on a junior Lien basis.

To the extent Icahn Enterprises or any Guarantor incurs any intercompany Indebtedness, (a) if Icahn Enterprises or any Guarantor is the obligor on such Indebtedness, such Indebtedness (other than intercompany Indebtedness of any Guarantor to or from Icahn Enterprises or another Guarantor) must be expressly subordinated to the prior payment in full in cash of all Obligations with respect to the Notes and (b)(i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than Icahn Enterprises or a Subsidiary of Icahn Enterprises (including any Guarantor) and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either Icahn Enterprises or a Subsidiary of Icahn Enterprises (including any Guarantor) shall be deemed, in each case, to constitute an incurrence of such Indebtedness by Icahn Enterprises or any Guarantor, that is not intercompany Indebtedness; provided that in the case of clause (a), that no restriction on the payment of principal, interest or other obligations in connection with such intercompany Indebtedness shall be required by such subordinated terms except during the occurrence and continuation of a Default or Event of Default.

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (9) above or is entitled to be incurred pursuant to the first paragraph of this covenant, in each case, as of the date of incurrence thereof, Icahn Enterprises may, in its sole discretion, classify (or later reclassify in whole or in part, in its sole discretion) such item of Indebtedness in any manner that complies with this covenant and such Indebtedness will be treated as having been incurred pursuant to such clauses or the first paragraph hereof, as the case may be, designated by Icahn Enterprises.

The accrual of interest, the accretion or amortization of original issue discount, the payment of interest or Other Liquidated Damages on any Indebtedness in the form of additional Indebtedness with the same terms, the reclassification of preferred stock as Indebtedness due to a change in accounting principles, and the payment of dividends on Disqualified Stock in the form of additional shares of the same class of Disqualified Stock will not be deemed to be an incurrence of Indebtedness or an issuance of Disqualified Stock for purposes of this covenant. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that Icahn Enterprises or any Guarantor may incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in exchange rates or currency values.

The amount of any Indebtedness outstanding as of any date will be:

- (1) the accreted value of the Indebtedness, in the case of any Indebtedness issued with original issue discount;
- (2) the principal amount of the Indebtedness, in the case of any other Indebtedness; and
- (3) in respect of Indebtedness of another Person secured by a Lien on the assets of the specified Person, the lesser of:
 - (a) the Fair Market Value of such assets at the date of determination; and
 - (b) the amount of the Indebtedness of the other Person.

Limitation on Liens

Neither Icahn Enterprises nor any Guarantor will (a) issue, assume or guarantee any Indebtedness if such Indebtedness is secured by a Lien upon, or (b) secure any then outstanding Indebtedness by granting a Lien upon, any Principal Property of Icahn Enterprises or any Guarantor, now owned or hereafter acquired by Icahn Enterprises or any Guarantor, without effectively providing that the Notes and the Note Guarantee shall be secured equally and ratably with such Indebtedness, except that the foregoing restrictions shall not apply to:

- (1) Liens on any Principal Property acquired after the Issuance Date to secure or provide for the payment of the purchase price or acquisition cost thereof;
- (2) Liens on Principal Property acquired after the Issuance Date existing at the time such Principal Property is acquired;
- (3) Liens on any Principal Property acquired from a corporation merged with or into Icahn Enterprises or any Guarantor;

- (10) any judgment attachment or judgment Lien not constituting an Event of Default;

- (11) Liens to secure the performance of statutory obligations, surety or appeal bonds, performance bonds or other obligations of a like nature incurred in the ordinary course of business and in the improvement or repair of any Principal Property and which obligations are not expressly prohibited by the Indenture;
- (12) Liens to secure Indebtedness of Icahn Enterprises or any Guarantor attributable to Bad Boy Guarantees;
- (13) Liens in favor of the trustee and required by the covenant “Maintenance of Interest Coverage”;
- (14) Liens to secure Margin Indebtedness; provided that such Liens are secured solely by the applicable margin securities;
- (15) Liens securing Hedging Obligations in the ordinary course of business and not for speculative purposes; provided that such Liens do not extend to any asset of the Issuers or any Guarantor other than the asset subject to the Hedging Obligations; and
- (16) any extension, renewal, substitution or replacement (or successive extensions, renewals, substitutions or replacements), in whole or in part, of any Lien referred to in the foregoing clauses (1) through (15), inclusive;

provided that in the case of clauses (1), (2) and (3) such Liens shall only extend to the Principal Property so acquired (including through any merger or consolidation) and not to any other Principal Property of Icahn Enterprises or any Guarantor.

Maintenance of Interest Coverage

On each Quarterly Determination Date, the Fixed Charge Coverage Ratio of Icahn Enterprises and the Guarantors will be at least 1.5 to 1.0 for the four consecutive fiscal quarters most recently completed prior to such Quarterly Determination Date; provided that, in the event that the Fixed Charge Coverage Ratio of Icahn Enterprises and the Guarantors is less than 1.5 to 1.0 for such four consecutive fiscal quarters, the Issuers shall be deemed to have satisfied this maintenance test if there is deposited, within ten (10) Business Days of such Quarterly Determination Date, an amount in cash such that the deposited funds, together with any funds previously deposited pursuant to this covenant (and that have not been paid out or otherwise released) are in an amount equal to the Issuers’ obligations to pay interest on the Notes for one year; provided further, that the Issuers shall grant to the trustee, on behalf of the holders of the Notes, a first priority security interest in such deposited funds pursuant to an account control agreement satisfactory to the trustee in accordance with the terms of the Indenture. At any subsequent Quarterly Determination Date, if the Fixed Charge Coverage Ratio of Icahn Enterprises and the Guarantors is at least 1.5 to 1.0 for the four consecutive fiscal quarters most recently completed prior to such Quarterly Determination Date, Icahn Enterprises shall notify the trustee of the foregoing and pursuant to the terms of the account control agreement, such deposited funds will be released from the security interest granted to the trustee and paid at the direction of Icahn Enterprises.

Maintenance of Total Unencumbered Assets

On each Quarterly Determination Date, the ratio of Total Unencumbered Assets to the then outstanding principal amount of the Unsecured Indebtedness will be greater than 1.5 to 1.0 as of the last day of the fiscal quarter most recently completed.

Compliance with Law

Each of Icahn Enterprises and any Guarantor will comply in all material respects with all applicable laws, rules and regulations.

Neither Icahn Enterprises nor any Guarantor will register as an “investment company” as such term is defined in the Investment Company Act of 1940, as amended, except as required in order to comply with law.

Merger, Consolidation or Sale of Assets

Icahn Enterprises will not: (1) consolidate or merge with or into another Person (whether or not Icahn Enterprises is the surviving entity) or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of Icahn Enterprises in one or more related transactions, to another Person, unless:

In addition, the Issuers agree that, for so long as any Notes remain outstanding, if at any time they are not required to file with the SEC the reports required by the preceding paragraphs, they will furnish to the holders of Notes and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Notwithstanding the foregoing, if the Issuers file with the SEC the reports required by the preceding paragraphs electronically via the EDGAR filing system (or any successor filing system) within such specified time periods and such reports are publicly available, the Issuers shall be deemed to have furnished such reports to the trustee and the holders of the Notes, provided that the trustee shall have no obligation whatsoever to determine whether or not such information or reports have been filed with the SEC or have been made publicly available.

- (5) failure by Icahn Enterprises or any Guarantor for 30 days after written notice from the trustee or the holders of at least 25% in aggregate principal amount of the Notes then outstanding to comply with the provisions described under the captions “— Maintenance of Interest Coverage” or “— Maintenance of Total Unencumbered Assets”;
- (6) failure by the Issuers or any Guarantor for 60 days after written notice from the trustee or the holders of at least 25% in aggregate principal amount of the Notes then outstanding to comply with any of their other agreements in the Indenture or the Notes or the Note Guarantee;
- (7) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Issuers or any Guarantor or default on any Guarantee (excluding any Bad Boy Guarantee) by the Issuers or Icahn Enterprises Holdings of Indebtedness for money borrowed, whether such Indebtedness or Guarantee now exists or is created after the Issuance Date, which default (a) is caused by a failure to pay when due at final maturity (giving effect to any grace period or waiver related thereto) the principal of such Indebtedness (a “Payment Default”) or (b) results in the acceleration of such Indebtedness prior to its express maturity, and, in each case, the principal amount of any such Indebtedness as to which Icahn Enterprises or any Guarantor is obligated to pay, together with the principal amount of any other such Indebtedness under which a Payment Default then exists or with respect to which the maturity thereof has been so accelerated or which has not been paid at maturity as to which Icahn Enterprises or any Guarantor is obligated to pay, aggregates \$50.0 million or more;
- (8) failure by the Issuers or any Guarantor to pay final judgments aggregating in excess of \$50.0 million, which final judgments remain unpaid, undischarged or unstayed for a period of more than 60 days after such judgment becomes a final judgment;
- (9) except as permitted by the Indenture, any Note Guarantee is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force and effect, or Icahn Enterprises Holdings or any other Guarantor, or any Person acting on behalf of any Guarantor, denies or disaffirms its obligations under its Note Guarantee; and
- (10) certain events of bankruptcy or insolvency with respect to the Issuers or any Guarantor that is a Significant Subsidiary.

If any Event of Default (other than by reason of bankruptcy or insolvency) occurs and is continuing, the trustee (by written notice to the Issuers) or the holders of at least 25% in aggregate principal amount of

the then outstanding Notes (by written notice to the Issuers and the trustee) may declare the principal, premium, if any, interest, if any, and any other monetary obligations on all the Notes to be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising from certain events of bankruptcy or insolvency, with respect to the Issuers or any Guarantor that is a Significant Subsidiary, all outstanding Notes will become due and payable immediately without further action or notice. Holders of the Notes may not enforce the Indenture or the Notes except as provided in the Indenture. Subject to certain limitations, holders of a majority in aggregate principal amount of the then outstanding Notes may direct the trustee in its exercise of any remedy or any trust or power conferred on it. However, the trustee may refuse to follow any direction that conflicts with law or the Indenture or that the trustee determines may be unduly prejudicial to the rights of other holders of Notes or that may involve the trustee in personal liability, or for which the holders have not offered and, if requested, provided to the trustee indemnity or security satisfactory to the trustee. The trustee may withhold from holders of Notes notice of any continuing Default or Event of Default (except a Default or Event of Default relating to the payment of principal, premium, if any, or interest) if it determines that withholding notice is in the interests of the holders of the Notes.

At any time after a declaration of acceleration with respect to the Notes and subject to certain conditions, the holders of a majority in aggregate principal amount of Notes outstanding may rescind and cancel such acceleration and its consequences subject to the conditions set forth in the Indenture.

The holders of at least a majority in aggregate principal amount of the Notes then outstanding by written notice to the trustee may on behalf of the holders of all of the Notes waive any existing Default or Event of Default and its consequences under the Indenture except a continuing Default or Event of Default in the payment of interest, on, premium on, if any, or the principal of, any Note or in respect of a covenant or provision which under the Indenture cannot be modified or amended without the consent of each holder affected by such modification or amendment.

The Issuers will be required to deliver to the trustee annually a statement regarding compliance with the Indenture, and the Issuers will be required, forthwith upon becoming aware of any Default or Event of Default, and in any event within ten (10) Business Days, to deliver to the trustee a statement specifying such Default or Event of Default and what action the Issuers are taking or proposing to take with respect thereto.

No Personal Liability of Directors, Officers, Employees, Incorporators and Stockholders

No director, officer, employee, incorporator, manager (or managing member), direct or indirect member, partner or stockholder of the Issuers, Icahn Enterprises Holdings, Icahn Enterprises GP or any additional Guarantor shall have any liability for any obligations of the Issuers, Icahn Enterprises Holdings, Icahn Enterprises GP or any additional Guarantor under the Notes, the Indenture, any Note Guarantee or for any claim based on, in respect of, or by reason of such obligations or its creation. Each holder of the Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes.

Legal Defeasance and Covenant Defeasance

The Issuers may at any time, at their option, elect to have all of their obligations discharged with respect to the outstanding Notes and all obligations of the Guarantors discharged with respect to their Note Guarantees (“Legal Defeasance”) except for:

- (1) the rights of holders of outstanding Notes to receive payments in respect of the principal of, premium on, if any, or interest, if any, on, such Notes when such payments are due from the trust referred to below;
- (2) the Issuers’ obligations with respect to the Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties, protections, indemnities and immunities of the trustee under the Indenture, and the Issuers’ and the Guarantors’ obligations in connection therewith; and

- (4) the Legal Defeasance and Covenant Defeasance provisions of the Indenture.

In addition, the Issuers may, at their option and at any time, elect to have their obligations and the obligations of any of their Subsidiaries or Icahn Enterprises Holdings released with respect to certain covenants that are described in the Indenture (“Covenant Defeasance”) and, thereafter, any omission to comply with such obligations shall not constitute a Default or Event of Default with respect to the Notes or any Note Guarantee. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under “Events of Default” will no longer constitute an Event of Default with respect to the Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance, in addition to any other requirements specified in the Indenture:

- (1) the Issuers must irrevocably deposit, or cause to be deposited, with the trustee, in trust, for the benefit of the holders of the Notes, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient, to pay the principal of, premium, if any, and interest, if any, due on the outstanding Notes on the stated maturity date or on the applicable redemption date, as the case may be, in accordance with the terms of the Indenture;
- (2) in the case of Legal Defeasance, the Issuers must deliver to the trustee an opinion of counsel, which may be an opinion of in-house counsel to Icahn Enterprises or a Guarantor, containing customary assumptions and exceptions, confirming that (a) the Issuers have received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the Indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders and beneficial owners of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
- (3) in the case of Covenant Defeasance, the Issuers must deliver to the trustee an opinion of counsel, which may be an opinion of in-house counsel to Icahn Enterprises or a Guarantor, containing customary assumptions and exceptions, confirming that the holders and beneficial owners of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
- (4) no Default or Event of Default shall have occurred and be continuing with respect to certain Events of Default on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit (and any similar concurrent deposit relating to other Indebtedness), and the granting of Liens to secure such borrowings);
- (5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the Indenture and the agreements governing any other Indebtedness being defeased, discharged or replaced) to which the Issuers or any of their Subsidiaries is a party or by which the Issuers or any of their Subsidiaries is bound;
- (6) the Issuers shall have delivered to the trustee an Officers’ Certificate stating that the deposit was not made by the Issuers with the intent of preferring the holders of Notes over the other creditors of the Issuers with the intent of defeating, hindering, delaying or defrauding any creditors of the Issuers or others; and
- (7) the Issuers shall have delivered to the trustee an Officers’ Certificate and an opinion of counsel in the United States, which may be an opinion of in-house counsel to Icahn Enterprises or a Guarantor, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with, and, if any Government Securities are deposited, a certificate or opinion of an accountant stating that the Government Securities (in combination

with any cash) being deposited will be sufficient, without consideration of any reinvestment of interest, to pay the principal of, premium, if any, and interest, if any, due on the outstanding Notes on the stated maturity date or on the applicable redemption date, as the case may be, in accordance with the terms of the Indenture.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all Notes issued thereunder, when:

- (1) either:
 - (a) all Notes that have been authenticated, except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has been deposited in trust and thereafter repaid to Icahn Enterprises, have been delivered to the trustee for cancellation; or
 - (b) all Notes that have not been delivered to the trustee for cancellation (1) have become due and payable by reason of the sending of a notice of redemption or otherwise, (2) will become due and payable within one year or (3) are to be called for redemption within 12 months under arrangements reasonably satisfactory to the trustee for the giving of notice of redemption by the trustee in the name, and at the reasonable expense of the Issuers, and the Issuers or any Guarantor have irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the Notes not delivered to the trustee for cancellation for principal and premium, if any, and accrued but unpaid interest to the date of maturity or redemption;
- (2) in respect of clause (1)(b) above, no Default or Event of Default has occurred and is continuing on the date of the deposit or will occur as a result of the deposit and the deposit will not result in a breach or violation of, or constitute a default under, any other material instrument to which the Issuers are a party or by which the Issuers are bound;
- (3) the Issuers have paid or caused to be paid all sums payable by them under the Indenture; and
- (4) the Issuers or any Guarantor have delivered irrevocable instructions to the trustee under the Indenture to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be.

In addition, the Issuers must deliver an Officers' Certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied and, if any Government Securities are deposited, a certificate or opinion of an accountant stating that the Government Securities (in combination with any cash) being deposited, will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the Notes not delivered to the trustee for cancellation for principal and premium, if any, and accrued but unpaid interest, if any, to the date of maturity or redemption, as the case may be.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the Indenture, the Notes or the Note Guarantee may be amended or supplemented with the consent of the holders of at least a majority in principal amount of the Notes then outstanding (including consents obtained in connection with a tender offer or exchange offer for Notes), and any existing default or compliance with any provision of the Indenture, the Notes or the Note Guarantee may be waived with the consent of the holders of a majority in principal amount of the then outstanding Notes (including consents obtained in connection with a tender offer or exchange offer for Notes) in accordance with the requirements of the Indenture.

Without the consent of each holder affected, an amendment, supplement or waiver may not (with respect to any Notes held by a nonconsenting holder of Notes):

- (1) reduce the principal amount of Notes whose holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed maturity of any Note or provide that any Note is redeemable at an earlier date or for a price less than provided in the Indenture;
- (3) reduce the rate of or change the time for payment of interest on any Note;
- (4) waive a Default or Event of Default in the payment of principal of, premium or interest on the Notes (except a rescission of acceleration of the Notes by the holders of at least a majority in aggregate principal amount of the then outstanding Notes and a waiver of the payment default that resulted from such acceleration);
- (5) make any Note payable in money other than that stated in the Notes;
- (6) make any change in the provisions of the Indenture relating to waivers of past Defaults or the rights of holders of Notes to receive payments of principal of, premium on, if any, or interest on the Notes;
- (7) release Icahn Enterprises Holdings or any other Guarantor from any of its obligations under its Note Guarantee or the Indenture, except in accordance with the terms of the Indenture; or
- (8) make any change in the foregoing amendment and waiver provisions.

Notwithstanding the foregoing, without the consent of any holder of Notes, the Issuers, the Guarantors and the trustee together may amend or supplement the Indenture, any Note Guarantee or the Notes to cure any ambiguity, defect or inconsistency, to provide for uncertificated Notes in addition to or in place of certificated Notes (provided that, such uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code), to provide for the assumption of the Issuers' or a Guarantor's obligations to holders of the Notes and Note Guarantees by a successor to the Issuers or such guarantor pursuant to Article 5 or Article 10 of the Indenture, to make any change that would provide any additional rights or benefits to the holders of the Notes or that does not adversely affect the legal rights under the Indenture of any such holder, to comply with requirements of the SEC in order to effect or maintain the qualification of the Indenture under the Trust Indenture Act of 1939, as amended, to conform the text of the Indenture, the Note Guarantees or the Notes to any provision of this Description of Notes to the extent that such provision in this Description of Notes was intended to be a verbatim recitation of a provision of the Indenture, the Note Guarantees or the Notes, which intent may be evidenced by an Officers' Certificate to that effect, to provide for the issuance of Additional Notes in accordance with the limitations set forth in the Indenture, or to allow any Guarantor to execute a supplemental indenture to the Indenture and/or a Note Guarantee with respect to the Notes.

The consent of the holders is not necessary under the Indenture to approve the particular form of any proposed amendment, supplement or waiver. It is sufficient if such consent approves the substance thereof. After an amendment, supplement or waiver to the Indenture becomes effective, the Issuers will be required to provide to the holders of Notes affected thereby a notice briefly describing such amendment, supplement or waiver. However, the failure to give such notice, or any defect in the notice will not impair or affect the validity of any such amendment, supplement or waiver.

Concerning the Trustee

The Indenture contains certain limitations on the rights of the trustee, should it become a creditor (other than in connection with the Indenture) of the Issuers or Icahn Enterprises Holdings, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest under applicable law, it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as trustee or resign.

The holders of a majority in aggregate principal amount of the then outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available

to the trustee, subject to certain exceptions. The Indenture provides that in case an Event of Default shall occur (which shall not be cured), the trustee will be required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of his own affairs. The trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of Notes, unless such holder shall have offered and, if requested, provided to the trustee security and indemnity satisfactory to it against any loss, liability or expense that might be incurred by it in compliance with such request.

Governing Law

The Indenture is, and the Notes will be, governed by and construed in accordance with the internal laws of the State of New York, without regard to the choice of law rules thereof to the extent that the application of the laws of another jurisdiction would be required thereby. The issuance of the Notes and the Note Guarantee will also be subject to a certain extent to the laws of the jurisdiction of formation of Icahn Enterprises.

Additional Information

Any holder of the Notes or prospective investor may obtain a copy of the Indenture without charge by writing to Ted Papapostolou, Chief Financial Officer at Icahn Enterprises L.P., 16690 Collins Avenue, PH-1, Sunny Isles Beach, Florida 33160.

Book-Entry, Delivery and Form

The 2029 exchange notes initially will be represented by one or more exchange notes in registered, global form without interest coupons (collectively, the “Global Notes”) in minimum denominations of \$2,000 in principal amount and integral multiples of \$1,000 in excess thereof.

The Global Notes will be deposited upon issuance with the trustee as custodian for The Depository Trust Company (“DTC”), in New York, New York, and registered in the name of DTC or its nominee, in each case, for credit to an account of a direct or indirect participant in DTC as described below. Except as set forth below, the 2029 exchange notes will be issued in registered, global form in minimum denominations of \$2,000 in principal amount and integral multiples of \$1,000 in excess thereof.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for definitive Notes in registered certificated form (“Certificated Notes”) except in the limited circumstances described below. See “— Exchange of Global Notes for Certificated Notes.” Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of Notes in certificated form.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. The Issuers take no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised the Issuers that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the “Participants”) and to facilitate the clearance and settlement of transactions in those securities between the Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the initial purchaser), banks, trust companies, clearing corporations and certain other organizations. Access to DTC’s system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the “Indirect Participants”). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and

transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised the Issuers that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of the Participants designated by the initial purchaser with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the Global Notes).

Investors in the Global Notes who are Participants may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) which are Participants.

All interests in a Global Note, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems. The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of the Participants, which in turn act on behalf of the Indirect Participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of interests in the Global Notes will not have Notes registered in their names, will not receive physical delivery of Notes in certificated form and will not be considered the registered owners or “holders” thereof under the Indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on, a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, the Issuers and the trustee will treat the Persons in whose names the Notes, including the Global Notes, are registered as the owners of the Notes for the purpose of receiving payments and for all other purposes. Consequently, neither the Issuers, the trustee nor any agent of the Issuers or the trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC’s records or any Participant’s or Indirect Participant’s records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC’s records or any Participant’s or Indirect Participant’s records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised the Issuers that its current practice, upon receipt of any payment in respect of securities such as the Notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe that it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of Notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or the Issuers. Neither the Issuers nor the trustee will be liable for any delay by DTC or any of the Participants or the Indirect Participants in identifying the beneficial owners of the Notes, and the Issuers and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Subject to the transfer restrictions set forth under “Notice to Investors,” transfers between the Participants will be effected in accordance with DTC’s procedures, and will be settled in same-day funds, and transfers

between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Subject to compliance with the transfer restrictions applicable to the Notes described herein, cross-market transfers between the Participants, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by their respective depositaries; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised the Issuers that it will take any action permitted to be taken by a holder of Notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the Notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the Notes, DTC reserves the right to exchange the Global Notes for legended Notes in certificated form, and to distribute such Notes to its Participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. None of the Issuers, the trustee and any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

Subject to DTC's applicable procedures, a Global Note is exchangeable for Certificated Notes if:

- (1) DTC (a) notifies the Issuers that it is unwilling or unable to continue as depository for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act and, in either case, the Issuers fail to appoint a successor depository;
- (2) the Issuers, at their option, notify the trustee in writing that they elect to cause the issuance of the Certificated Notes; or
- (3) there has occurred and is continuing a Default or Event of Default with respect to the Notes and DTC has provided written notice to the trustee in accordance with the Indenture.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon prior written notice given to the trustee by or on behalf of DTC in accordance with the Indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures) and will bear the applicable restrictive legend referred to in "Notice to Investors," unless that legend is not required by applicable law.

Exchange of Certificated Notes for Global Notes

Certificated Notes may not be exchanged for beneficial interests in any Global Note unless the transferor first delivers to the registrar a written certificate (in the form provided in the Indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such Notes. See "Notice to Investors."

Same Day Settlement and Payment

The Issuers will make payments in respect of the Notes represented by the Global Notes (including principal, premium, if any, and interest, if any) by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. The Issuers will make all payments of principal, interest and premium, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The Notes represented by the Global Notes are expected to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such Notes will, therefore, be required by DTC to be settled in immediately available funds. The Issuers expect that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a Participant will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised the Issuers that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a Participant will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

Certain Definitions

Set forth below are certain defined terms used in the Indenture. Reference is made to the Indenture for full disclosure of all such terms, as well as any other capitalized terms used herein for which no definition is provided.

DESCRIPTION OF 2030 NOTES

General

You can find the definitions of certain terms used in this “Description of 2030 Notes” under the subheading “Certain Definitions.” In this “Description of 2030 Notes”, the term “Icahn Enterprises” refers only to Icahn Enterprises L.P., the term “Icahn Enterprises Finance” refers only to Icahn Enterprises Finance Corp., the term “Icahn Enterprises Holdings” refers only to Icahn Enterprises Holdings L.P., and the term “Icahn Enterprises GP” refers only to Icahn Enterprises G.P. Inc. and not to any of their respective Subsidiaries. For the avoidance of doubt, Icahn Enterprises Holdings will be deemed to be a Subsidiary of Icahn Enterprises for so long as Icahn Enterprises Holdings remains a Guarantor. The term “Issuers” refers to Icahn Enterprises and Icahn Enterprises Finance, collectively.

The Issuers issued \$750,000,000 in aggregate principal amount of 2030 existing notes on May 28, 2024. The Issuers issued the Notes under an indenture dated May 28, 2024 (the “Indenture”) by and among the Issuers, Icahn Enterprises Holdings, as guarantor, and Wilmington Trust, National Association, a national banking association, as trustee (the “trustee”). The Indenture is subject to and governed by the Trust Indenture Act of 1939, as amended (the “TIA”), and the terms of the Notes will include those stated in the Indenture and those made part of the Indenture by reference to the TIA. Unless the context otherwise requires, for all purposes of the Indenture and this “Description of Notes” references to the “Notes” include the Notes and any Additional Notes (as defined below) issued after the date the Notes are issued.

The following description is a summary of the material provisions of the Indenture. It does not restate the Indenture in its entirety. We urge you to read the Indenture because it, and not this description, defines your rights as holders of the Notes. Copies of the Indenture are available as set forth below under “— Additional Information.” Certain defined terms used in this description but not defined below under “— Certain Definitions” have the meanings assigned to them in the Indenture.

For the avoidance of doubt, the inclusion of exceptions to the provisions (including covenants and definitions) set forth herein will not be interpreted to imply that the matters permitted by the exception would be limited by the terms of such provisions but for such exceptions.

The registered holder of a Note will be treated as the owner of it for all purposes. Only registered holders will have rights under the Indenture.

Brief Description of the Notes and the Note Guarantee

The Notes

The Notes:

- are the general unsecured obligation of each of the Issuers;
- are pari passu in right of payment to all existing and future senior Indebtedness of each of the Issuers;
- are senior in right of payment to any future subordinated Indebtedness of each of the Issuers; and are effectively subordinated to the secured indebtedness of the Issuers to the extent of the value of the collateral securing such Indebtedness. As of June 30, 2024, the Issuers did not have any secured Indebtedness.

The Note Guarantee

The Guarantee of the Notes:

- is the general unsecured obligation of Icahn Enterprises Holdings;
- is pari passu in right of payment to all existing and future senior Indebtedness of Icahn Enterprises Holdings;
- is senior in right of payment to any future subordinated Indebtedness of Icahn Enterprises Holdings; and

- is effectively subordinated to the secured Indebtedness of Icahn Enterprises Holdings to the extent of the value of the collateral securing such Indebtedness. As of June 30, 2024, Icahn Enterprises Holdings did not have any secured Indebtedness.

The operations of Icahn Enterprises are conducted through its Subsidiaries (including Icahn Enterprises Holdings) and, therefore, Icahn Enterprises depends on the cash flow of Icahn Enterprises' Subsidiaries to meet its obligations, including its obligations under the Notes. The Notes will not be guaranteed by any of Icahn Enterprises' Subsidiaries other than Icahn Enterprises Holdings. The Notes and the Note Guarantee will be effectively subordinated in right of payment to all Indebtedness and other liabilities and commitments (including trade payables and lease obligations) of Icahn Enterprises' Subsidiaries other than Icahn Enterprises Holdings. Any right of the Issuers or Icahn Enterprises Holdings to receive assets of any of their Subsidiaries upon that Subsidiary's liquidation or reorganization (and the consequent right of the holders of the Notes to participate in those assets) will be effectively subordinated to the claims of that Subsidiary's creditors, except to the extent that any of the Issuers or Icahn Enterprises Holdings is itself recognized as a creditor of that Subsidiary, in which case the claims of the Issuers and Icahn Enterprises Holdings would still be subordinate in right of payment to any security in the assets of the Subsidiary and any Indebtedness of the Subsidiary senior to that held by the Issuers or Icahn Enterprises Holdings. As of June 30, 2024, Icahn Enterprises' Subsidiaries (other than Icahn Enterprises Holdings) had approximately \$1.8 billion of Indebtedness and approximately \$747 million of accounts payable outstanding. The covenants of the Notes do not restrict the ability of Icahn Enterprises' Subsidiaries, other than Icahn Enterprises Holdings, from incurring additional Indebtedness or creating liens, nor do the covenants of the Notes restrict the ability of Icahn Enterprises Holdings, Icahn Enterprises or its Subsidiaries from making investments or entering into sale and leaseback transactions. See "Risk Factors — Risks Related to the Notes — The Notes will be effectively subordinated to any secured indebtedness, and all the indebtedness and liabilities of our subsidiaries other than Icahn Enterprises Holdings" and "Risk Factors — Risks Related to the Notes — Our subsidiaries, other than Icahn Enterprises Holdings, will not be subject to any of the covenants in the Indenture and only Icahn Enterprises Holdings will guarantee the Notes. We may not be able to rely on the cash flow or assets of our subsidiaries to pay our indebtedness."

Principal, Maturity and Interest

The Issuers may issue additional Notes (the "Additional Notes") from time to time after consummation of the exchange offer. Any offering of Additional Notes is subject to the covenant described under the heading "— Certain Covenants — Incurrence of Indebtedness and Issuance of Preferred Stock." The Notes and any Additional Notes subsequently issued under the Indenture will be treated as a single class for all purposes under the Indenture, including, without limitation, waivers, amendments, redemption and offers to purchase. The Issuers will issue the 2030 exchange notes for a like principal amount of 2030 existing notes in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Notes will mature on June 15, 2030. The Notes will pay interest at the rate of 9.000% per annum, which will be payable semi-annually in arrears on June 15 and December 15. Interest on the Notes will be payable commencing on December 15, 2024. The Issuers will make each interest payment to the holders of record on the immediately preceding June 1 and December 1 of each year, and Interest on the Notes will accrue from the date of original issuance. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Notes

If a registered noteholder holds at least \$2.0 million aggregate principal amount of Notes, such holder may give wire transfer instructions to Icahn Enterprises and the Issuers will instruct the paying agent to pay all principal, interest and premium, if any, on that holder's Notes in accordance with those instructions. All other payments on the Notes will be made at the office or agency of the paying agent and registrar unless the Issuers elect to make interest payments by check mailed to the noteholders at their address set forth in the register of holders. In addition, all payments will be subject to the applicable rules and procedures of the settlement systems including, if applicable, those of the Euroclear System ("Euroclear") and Clearstream Banking, S.A. ("Clearstream"), which may change from time to time.

Paying Agent and Registrar for the Notes

The trustee will initially act as paying agent and registrar. The Issuers may change the paying agent or registrar without prior notice to the holders of the Notes, and the Issuers or any of their Subsidiaries (including Icahn Enterprises Holdings) may act as paying agent or registrar.

Transfer and Exchange

A holder may transfer or exchange Notes in accordance with the provisions of the Indenture. The Issuers may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. Holders will be required to pay all taxes due on transfer. The Issuers will not be required to transfer or exchange any note selected for redemption. Also, the Issuers will not be required to transfer or exchange any note for a period of 15 days before a selection of Notes to be redeemed or between a record date and the next succeeding payment date.

Note Guarantee

The Notes will be guaranteed by Icahn Enterprises Holdings. Icahn Enterprises may, at its option, add subsidiary Guarantors to the Notes. Each Guarantor's obligations under its Note Guarantee will be limited as necessary to prevent the Note Guarantee from constituting a fraudulent conveyance under applicable law. See "Risk Factors — A court could void the exchange notes or the respective guarantees under fraudulent conveyance laws." Any Guarantor's Note Guarantee will be released:

- (1) upon the substitution of a successor to Icahn Enterprises Holdings or other release as described under the heading "— Certain Covenants — Merger, Consolidation or Sale of Assets"; and
- (2) upon legal defeasance, covenant defeasance or satisfaction and discharge of the Indenture as provided below under the captions "— Legal Defeasance and Covenant Defeasance" and "— Satisfaction and Discharge."

Optional Redemption

At any time prior to December 15, 2029 (six months prior to the maturity date of the Notes), the Issuers may on any one or more occasions redeem all or a part of the Notes, upon not less than 10 nor more than 60 days' notice, at a redemption price equal to 100% of the principal amount of the Notes redeemed, plus the Applicable Notes Premium as of, and accrued and unpaid interest, if any, to but excluding the date of redemption, subject to the rights of holders of Notes on the relevant record date to receive interest due on the relevant interest payment date. At any time on or after December 15, 2029 (six months prior to the maturity date of the Notes), the Issuers may redeem all or a part of the Notes at a redemption price equal to 100% of the principal amount plus accrued and unpaid interest, if any, on the Notes redeemed, to but excluding the applicable redemption date.

Except pursuant to the preceding paragraph, the Notes are not otherwise redeemable at the Issuers' option prior to December 15, 2029.

Mandatory Redemption

The Issuers are not required to make mandatory redemption or sinking fund payments with respect to the Notes.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, each holder of Notes will have the right to require the Issuers to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that holder's Notes pursuant to a Change of Control Offer on the terms set forth in the Indenture. In the Change of Control Offer, the Issuers are required to offer a Change of Control payment in cash equal to 101% of the aggregate principal amount of Notes repurchased plus accrued and unpaid interest, if any, on the Notes

repurchased, to but excluding the date of purchase. Within 30 days following any Change of Control, unless, prior to the occurrence of such Change of Control, the Issuers have exercised their right to redeem all of the Notes by sending a notice of redemption to the holders as described under “— Optional Redemption,” the Issuers will send a notice to each holder, by mail or electronically in accordance with the procedures of the depositary, describing the transaction or transactions that constitute the Change of Control and offering to repurchase Notes on the Change of Control payment date specified in the notice, which date will be no earlier than 10 days and no later than 60 days from the date such notice is sent, pursuant to the procedures required by the Indenture and described in such notice.

On the Change of Control payment date, the Issuers will, to the extent lawful:

- (1) accept for payment all Notes or portions of Notes properly tendered and not withdrawn pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control payment in respect of all Notes or portions of Notes properly tendered; and
- (3) deliver or cause to be delivered to the trustee the Notes properly accepted together with an Officers’ Certificate stating the aggregate principal amount of Notes or portions of Notes being purchased by the Issuers.

The paying agent will promptly send to each holder of Notes properly tendered the Change of Control payment for such Notes, and subject to the requirements set forth in the Indenture, the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; provided that each new note will be in a principal amount of \$2,000 or an integral multiple of \$1,000. The Issuers will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control payment date.

The provisions described above that require the Issuers to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control, the Indenture does not contain provisions that permit the holders of the Notes to require that the Issuers repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

The Issuers will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Issuers and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer.

The definition of Change of Control includes a phrase relating to the sale, lease, transfer, conveyance or other disposition by Icahn Enterprises or Icahn Enterprises Holdings of “all or substantially all” of its properties or assets. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of Notes to require the Issuers to repurchase its Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Icahn Enterprises or Icahn Enterprises Holdings to another Person or group may be uncertain. In addition, under certain circumstances the definition of Change of Control excludes certain sales, leases, transfers, conveyances or other dispositions even if they constitute “all or substantially all” of the properties or assets of Icahn Enterprises or Icahn Enterprises Holdings.

Selection and Notice

If less than all of the Notes are to be redeemed at any time, Notes will be selected for redemption on a pro rata basis (or, in the case of Notes issued in global form as discussed under “— Book-Entry, Delivery and Form,” in accordance with the procedures of the depositary) unless otherwise required by law or applicable stock exchange requirements.

No Notes of \$2,000 or less can be redeemed in part. At least 10 but not more than 60 days before the redemption date, notices of redemption will be sent to each holder of Notes to be redeemed by electronic

transmission in accordance with the procedures of the depository in the case of Notes that are in the form of Global Notes, or by first class mail at its registered address, except that redemption notices may be sent more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture. Any redemption may, at the Issuers' option, be subject to the satisfaction of one or more conditions precedent. In addition, if such redemption or notice is subject to satisfaction of one or more conditions precedent, such notice shall state that, in the Issuers' discretion, the redemption date may be delayed until such time as any or all such conditions are satisfied, or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions are not satisfied by the redemption date, or by the redemption date so delayed.

If any Note is to be redeemed in part only, the notice of redemption that relates to that Note will state the portion of the principal amount of that Note that is to be redeemed. A new Note in principal amount equal to the unredeemed portion of the original Note will be issued in the name of the holder of Notes upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Notes or portions of Notes called for redemption (unless the Issuers default in the payment of the redemption price and accrued interest, if any).

Certain Covenants

Restricted Payments

Icahn Enterprises will not, and will not permit any of its Subsidiaries (including any Guarantor) to:

- (1) declare or pay any dividend or make any other distribution on account of Icahn Enterprises' or any of its Subsidiaries' (including any Guarantor's) Equity Interests or to the holders of Icahn Enterprises' or any of its Subsidiaries' (including Icahn Enterprises Holdings') Equity Interests in their capacity as such (other than dividends or distributions payable in Equity Interests (other than Disqualified Stock) of Icahn Enterprises or to Icahn Enterprises or a Subsidiary of Icahn Enterprises (including Icahn Enterprises Holdings));
- (2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving Icahn Enterprises) any Equity Interests of Icahn Enterprises; or
- (3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness of Icahn Enterprises or any Guarantor that is contractually subordinated to the Notes or to any Note Guarantee excluding any intercompany Indebtedness between or among Icahn Enterprises and any of its Subsidiaries (including any Guarantor), except a payment of interest, Other Liquidated Damages or principal at the Stated Maturity on such subordinated Indebtedness (all such payments and other actions set forth in these clauses (1) through (3) (except as excluded therein) above being collectively referred to as "Restricted Payments"),

unless, at the time of and after giving effect to such Restricted Payment:

- (1) no Default or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Payment;
- (2) Icahn Enterprises or any Guarantor would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the most recently ended four-quarter period for which financial statements are available, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the first paragraph of the covenant described below under the caption "— Incurrence of Indebtedness and Issuance of Preferred Stock"; and
- (3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by Icahn Enterprises and its Subsidiaries (including any Guarantor) since January 15, 2010 (excluding Restricted Payments permitted by clauses (2), (3), (4), (6), (8) and (9) of the next succeeding paragraph) is less than the sum, without duplication, of:

- (a) 50% of the difference of (x) the Consolidated Net Income of Icahn Enterprises for the period (taken as one accounting period) from April 1, 2010 to the end of Icahn Enterprises' most recently ended fiscal quarter for which financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit) minus (y) all dividends and distributions paid pursuant to clause (8) of the next succeeding paragraph; provided, however, that to the extent any payments of Tax Amounts were not deducted in the calculation of Consolidated Net Income during the applicable period, for purposes of this clause (a), such payments of Tax Amounts will be deducted from Consolidated Net Income, plus
- (b) 100% of the aggregate net cash proceeds received by Icahn Enterprises since January 15, 2010 as a contribution to its equity capital or from the issue or sale of Equity Interests of Icahn Enterprises (excluding Disqualified Stock) or from the issue or sale of convertible or exchangeable Disqualified Stock or convertible or exchangeable debt securities of Icahn Enterprises that have been converted into or exchanged for such Equity Interests (other than Equity Interests or Disqualified Stock or debt securities sold to a Subsidiary of Icahn Enterprises (including Icahn Enterprises Holdings)).

As of June 30, 2024, the amount available for Restricted Payments pursuant to this clause (3), assuming Icahn Enterprises was also in compliance with clauses (1) and (2) above, would have been approximately \$507 million.

So long as no Default or Event of Default has occurred and is continuing or would be caused thereby (except with respect to clauses (4) and (6), which payments will be permitted notwithstanding a Default or an Event of Default), the preceding provisions will not prohibit:

- (1) the payment of any dividend or the consummation of any irrevocable redemption or payment within 60 days after the date of declaration of the dividend or giving of the redemption notice or becoming irrevocably obligated to make such payment, as the case may be, if at the date of declaration or notice or becoming irrevocably obligated to make such payment, the dividend or payment would have complied with the provisions of the Indenture;
- (2) the making of any Restricted Payment in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to a Subsidiary of Icahn Enterprises (including any Guarantor)) of, Equity Interests (other than Disqualified Stock) or from the substantially concurrent contribution of equity capital to Icahn Enterprises; provided, however, that the amount of any such net cash proceeds that are utilized for any such Restricted Payment will be excluded from clause (3)(b) of the preceding paragraph;
- (3) the repurchase, redemption, defeasance or other acquisition or retirement for value of Indebtedness of Icahn Enterprises or any Guarantor that is contractually subordinated to the Notes with the net cash proceeds from a substantially concurrent incurrence of Permitted Refinancing Indebtedness;
- (4) the declaration or payment of any dividend or distribution by a Subsidiary of Icahn Enterprises (including any Guarantor) to the holders of its Equity Interests; provided, that if any such dividend or distribution is paid to an Affiliate of the Principal (other than Icahn Enterprises or any of its Subsidiaries (including any Guarantor)), that any such dividend or distribution is paid on a pro rata basis to all holders (including Icahn Enterprises or any of its Subsidiaries (including any Guarantor)) that hold securities whose terms (either contractually or by law) entitle them to the same distribution upon which such dividend or distribution is paid;
- (5) the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of Icahn Enterprises held by any member of Icahn Enterprises' (or any of its Subsidiaries' including any Guarantor's) management pursuant to any management equity subscription agreement, stock option agreement or similar agreement; provided that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests shall not exceed \$2.0 million (other than with respect to Former Employees) in any calendar year;

- (6) for so long as Icahn Enterprises is a partnership or otherwise a pass-through entity for federal income tax purposes for any period, Icahn Enterprises may make cash distributions to its equity holders or partners in an amount not to exceed the Tax Amount for such period; provided that a distribution of the Tax Amount shall be made no earlier than 20 days prior to the due date for such tax (or the date that quarterly estimated taxes are required to be paid) that would be payable by Icahn Enterprises if it were a Delaware corporation;
- (7) the purchase, redemption or retirement for value of Capital Stock of Icahn Enterprises not owned by the Principal, a Related Party or any Affiliate of the Principal or a Related Party, provided that (a) Icahn Enterprises would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the most recently ended four-quarter period for which financial statements are available, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the first paragraph of the covenant described below under the caption “— Incurrence of Indebtedness and Issuance of Preferred Stock” and (b) after giving effect to such purchase, redemption or retirement, the Partners’ Equity is at least \$1.0 billion;
- (8) the payment of dividends on the Common Units; provided, however, that such dividends or distributions may not exceed an annual amount equal to \$1.00 per Common Unit (as adjusted for any Common Unit split, subdivision, consolidation, reclassification or similar occurrence); and
- (9) other Restricted Payments in an aggregate amount, when taken together with all other Restricted Payments made pursuant to this clause (9), not to exceed \$50.0 million since the Issuance Date.

For purposes of determining compliance with this covenant, in the event that a proposed Restricted Payment meets the criteria of more than one of the categories of Restricted Payments described in clauses (1) through (9) above, or is permitted to be made pursuant to the first paragraph of this covenant, Icahn Enterprises may, in its sole discretion, classify (or later reclassify, in whole or in part, in its sole discretion) such Restricted Payment in any manner that complies with this covenant.

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the assets, property or securities proposed to be transferred or issued by Icahn Enterprises or such Subsidiary (including Icahn Enterprises Holdings), as the case may be, pursuant to the Restricted Payment.

Incurrence of Indebtedness and Issuance of Preferred Stock

Neither Icahn Enterprises nor any Guarantor will create, incur, issue, assume, guarantee or otherwise become liable, contingently or otherwise, with respect to (collectively, “incur”) any Indebtedness (including Acquired Debt), and neither Icahn Enterprises nor any Guarantor will issue any Disqualified Stock; provided, however, that Icahn Enterprises or any Guarantor may incur Indebtedness (including Acquired Debt) or issue Disqualified Stock, if immediately after giving effect to the incurrence of additional Indebtedness (including Acquired Debt) or issuance of Disqualified Stock (including a pro forma application of the net proceeds therefrom), the ratio of the aggregate principal amount of all outstanding Indebtedness (excluding Indebtedness incurred or of the type that would be permitted to be incurred pursuant to clauses (4), (7) and (8) of the following paragraph) of Icahn Enterprises and any Guarantor, determined on a consolidated basis between Icahn Enterprises and any Guarantor but on a non-consolidated basis with the Subsidiaries of Icahn Enterprises (other than any Guarantor) and otherwise in accordance with GAAP, (including an amount of Indebtedness equal to the principal amount of any Guarantees by Icahn Enterprises or any Guarantor of any Indebtedness of a Person (that is not Icahn Enterprises or a Subsidiary) to the extent such Guarantees were not included in computing Icahn Enterprises’ or any Guarantor’s outstanding Indebtedness) to the Adjusted Controlled Entity Net Worth, would have been less than 1.15 to 1.

The preceding paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, “Permitted Debt”):

- (1) the incurrence by Icahn Enterprises or any Guarantor of Indebtedness represented by the 2030 existing notes or 2030 exchange notes;

- (2) the incurrence by Icahn Enterprises or any Guarantor of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace Indebtedness (other than intercompany Indebtedness) that was incurred under the first paragraph of this covenant or clauses (1), (2) or (9) of this paragraph or any Existing Indebtedness;
- (3) the incurrence by Icahn Enterprises or any Guarantor of intercompany Indebtedness between or among Icahn Enterprises and any of its Subsidiaries (including Icahn Enterprises Holdings) or the issuance of Disqualified Stock by any Guarantor to Icahn Enterprises;
- (4) the incurrence by Icahn Enterprises or any Guarantor of Hedging Obligations that are incurred in the normal course of business;
- (5) the incurrence by Icahn Enterprises or any Guarantor of Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds, so long as such Indebtedness is covered within five Business Days;
- (6) the incurrence by Icahn Enterprises or any Guarantor of the Existing Indebtedness;
- (7) Indebtedness arising from any agreement entered into by Icahn Enterprises or Icahn Enterprises Holdings providing for indemnification, purchase price adjustment or similar obligations, in each case, incurred or assumed in connection with an asset sale;
- (8) Indebtedness of Icahn Enterprises or any Guarantor attributable to Bad Boy Guarantees; and
- (9) the incurrence by Icahn Enterprises or any Guarantor of additional Indebtedness in an aggregate principal amount at any time outstanding, including all Permitted Refinancing Indebtedness incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (9), not to exceed \$10.0 million at any one time outstanding.

Neither Icahn Enterprises nor any Guarantor will incur any Indebtedness (including Permitted Debt) that is contractually subordinated in right of payment to any other Indebtedness of Icahn Enterprises or any Guarantor unless such Indebtedness is also contractually subordinated in right of payment to the Notes and the Note Guarantee, as applicable, on substantially identical terms; provided, however, that no Indebtedness of Icahn Enterprises or any Guarantor shall be deemed to be contractually subordinated in right of payment to any other Indebtedness of Icahn Enterprises or any Guarantor for purposes of this paragraph solely by virtue of being unsecured or secured to a lesser extent or on a junior Lien basis.

To the extent Icahn Enterprises or any Guarantor incurs any intercompany Indebtedness, (a) if Icahn Enterprises or any Guarantor is the obligor on such Indebtedness, such Indebtedness (other than intercompany Indebtedness of any Guarantor to or from Icahn Enterprises or another Guarantor) must be expressly subordinated to the prior payment in full in cash of all Obligations with respect to the Notes and (b)(i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than Icahn Enterprises or a Subsidiary of Icahn Enterprises (including any Guarantor) and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either Icahn Enterprises or a Subsidiary of Icahn Enterprises (including any Guarantor) shall be deemed, in each case, to constitute an incurrence of such Indebtedness by Icahn Enterprises or any Guarantor, that is not intercompany Indebtedness; provided that in the case of clause (a), that no restriction on the payment of principal, interest or other obligations in connection with such intercompany Indebtedness shall be required by such subordinated terms except during the occurrence and continuation of a Default or Event of Default.

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (9) above or is entitled to be incurred pursuant to the first paragraph of this covenant, in each case, as of the date of incurrence thereof, Icahn Enterprises may, in its sole discretion, classify (or later reclassify in whole or in part, in its sole discretion) such item of Indebtedness in any manner that complies with this covenant and such Indebtedness will be treated as having been incurred pursuant to such clauses or the first paragraph hereof, as the case may be, designated by Icahn Enterprises.

The accrual of interest, the accretion or amortization of original issue discount, the payment of interest or Other Liquidated Damages on any Indebtedness in the form of additional Indebtedness with the same terms, the reclassification of preferred stock as Indebtedness due to a change in accounting principles, and the payment of dividends on Disqualified Stock in the form of additional shares of the same class of Disqualified Stock will not be deemed to be an incurrence of Indebtedness or an issuance of Disqualified Stock for purposes of this covenant. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that Icahn Enterprises or any Guarantor may incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in exchange rates or currency values.

The amount of any Indebtedness outstanding as of any date will be:

- (1) the accreted value of the Indebtedness, in the case of any Indebtedness issued with original issue discount;
- (2) the principal amount of the Indebtedness, in the case of any other Indebtedness; and
- (3) in respect of Indebtedness of another Person secured by a Lien on the assets of the specified Person, the lesser of:
 - (a) the Fair Market Value of such assets at the date of determination; and
 - (b) the amount of the Indebtedness of the other Person.

Limitation on Liens

Neither Icahn Enterprises nor any Guarantor will (a) issue, assume or guarantee any Indebtedness if such Indebtedness is secured by a Lien upon, or (b) secure any then outstanding Indebtedness by granting a Lien upon, any Principal Property of Icahn Enterprises or any Guarantor, now owned or hereafter acquired by Icahn Enterprises or any Guarantor, without effectively providing that the Notes and the Note Guarantee shall be secured equally and ratably with such Indebtedness, except that the foregoing restrictions shall not apply to:

- (1) Liens on any Principal Property acquired after the Issuance Date to secure or provide for the payment of the purchase price or acquisition cost thereof;
- (2) Liens on Principal Property acquired after the Issuance Date existing at the time such Principal Property is acquired;
- (3) Liens on any Principal Property acquired from a corporation merged with or into Icahn Enterprises or any Guarantor;

- (10) any judgment attachment or judgment Lien not constituting an Event of Default;

- (11) Liens to secure the performance of statutory obligations, surety or appeal bonds, performance bonds or other obligations of a like nature incurred in the ordinary course of business and in the improvement or repair of any Principal Property and which obligations are not expressly prohibited by the Indenture;
- (12) Liens to secure Indebtedness of Icahn Enterprises or any Guarantor attributable to Bad Boy Guarantees;
- (13) Liens in favor of the trustee and required by the covenant “Maintenance of Interest Coverage”;
- (14) Liens to secure Margin Indebtedness; provided that such Liens are secured solely by the applicable margin securities;
- (15) Liens securing Hedging Obligations in the ordinary course of business and not for speculative purposes; provided that such Liens do not extend to any asset of the Issuers or any Guarantor other than the asset subject to the Hedging Obligations; and
- (16) any extension, renewal, substitution or replacement (or successive extensions, renewals, substitutions or replacements), in whole or in part, of any Lien referred to in the foregoing clauses (1) through (15), inclusive;

provided that in the case of clauses (1), (2) and (3) such Liens shall only extend to the Principal Property so acquired (including through any merger or consolidation) and not to any other Principal Property of Icahn Enterprises or any Guarantor.

Maintenance of Interest Coverage

On each Quarterly Determination Date, the Fixed Charge Coverage Ratio of Icahn Enterprises and the Guarantors will be at least 1.5 to 1.0 for the four consecutive fiscal quarters most recently completed prior to such Quarterly Determination Date; provided that, in the event that the Fixed Charge Coverage Ratio of Icahn Enterprises and the Guarantors is less than 1.5 to 1.0 for such four consecutive fiscal quarters, the Issuers shall be deemed to have satisfied this maintenance test if there is deposited, within ten (10) Business Days of such Quarterly Determination Date, an amount in cash such that the deposited funds, together with any funds previously deposited pursuant to this covenant (and that have not been paid out or otherwise released) are in an amount equal to the Issuers’ obligations to pay interest on the Notes for one year; provided further, that the Issuers shall grant to the trustee, on behalf of the holders of the Notes, a first priority security interest in such deposited funds pursuant to an account control agreement satisfactory to the trustee in accordance with the terms of the Indenture. At any subsequent Quarterly Determination Date, if the Fixed Charge Coverage Ratio of Icahn Enterprises and the Guarantors is at least 1.5 to 1.0 for the four consecutive fiscal quarters most recently completed prior to such Quarterly Determination Date, Icahn Enterprises shall notify the trustee of the foregoing and pursuant to the terms of the account control agreement, such deposited funds will be released from the security interest granted to the trustee and paid at the direction of Icahn Enterprises.

On each Quarterly Determination Date, the ratio of Total Unencumbered Assets to the then outstanding principal amount of the Unsecured Indebtedness will be greater than 1.5 to 1.0 as of the last day of the fiscal quarter most recently completed.

Reports

Whether or not required by the rules and regulations of the SEC, so long as any Notes are outstanding, the Issuers will furnish to the trustee and to the holders of Notes, within the time periods specified in the SEC's rules and regulations:

- (1) all quarterly and annual reports that would be required to be filed with the SEC on Forms 10-Q and 10-K if the Issuers were required to file such reports; and
- (2) all current reports that would be required to be filed with the SEC on Form 8-K if the Issuers were required to file such reports.

All such reports will be prepared in all material respects in accordance with all of the rules and regulations applicable to such reports. Each annual report on Form 10-K will include a report on the Issuers' consolidated financial statements by the Issuers' certified independent accountants. In addition, the Issuers will file a copy of each of the reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the rules and regulations applicable to such reports (unless the SEC will not accept such a filing) and, if the SEC will not accept such a filing, will post the reports on its website within those time periods.

If, at any time, the Issuers are no longer subject to the periodic reporting requirements of the Exchange Act for any reason, the Issuers will nevertheless continue filing the reports specified in the preceding paragraphs of this covenant with the SEC within the time periods specified above unless the SEC will not accept such a filing. The Issuers will not take any action for the purpose of causing the SEC not to accept any such filings. If, notwithstanding the foregoing, the SEC will not accept the Issuers' filings for any reason, the Issuers will post the reports referred to in the preceding paragraphs on its website within the time periods that would apply if the Issuers were required to file those reports with the SEC.

In addition, the Issuers agree that, for so long as any Notes remain outstanding, if at any time they are not required to file with the SEC the reports required by the preceding paragraphs, they will furnish to the holders of Notes and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Notwithstanding the foregoing, if the Issuers file with the SEC the reports required by the preceding paragraphs electronically via the EDGAR filing system (or any successor filing system) within such specified time periods and such reports are publicly available, the Issuers shall be deemed to have furnished such reports to the trustee and the holders of the Notes, provided that the trustee shall have no obligation whatsoever to determine whether or not such information or reports have been filed with the SEC or have been made publicly available.

Events of Default and Remedies

Each of the following is an Event of Default with respect to the Notes:

- (1) default in payment when due and payable, upon redemption or otherwise, of principal or premium, if any, on the Notes;
- (2) default for 30 days or more in the payment when due of interest on the Notes;
- (3) failure by the Issuers to call or cause to be called for redemption or to purchase or cause to be called any Notes, in each case when required under the Indenture;
- (4) failure by Icahn Enterprises or any Guarantor for 30 days after written notice from the trustee or the holders of at least 25% in aggregate principal amount of the Notes then outstanding to comply with the provisions described under the captions “— Restricted Payments” or “— Incurrence of Indebtedness and Issuance of Preferred Stock”;
- (5) failure by Icahn Enterprises or any Guarantor for 30 days after written notice from the trustee or the holders of at least 25% in aggregate principal amount of the Notes then outstanding to comply with the provisions described under the captions “— Maintenance of Interest Coverage” or “— Maintenance of Total Unencumbered Assets”;
- (6) failure by the Issuers or any Guarantor for 60 days after written notice from the trustee or the holders of at least 25% in aggregate principal amount of the Notes then outstanding to comply with any of their other agreements in the Indenture or the Notes or the Note Guarantee;
- (7) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Issuers or any Guarantor or default on any Guarantee (excluding any Bad Boy Guarantee) by the Issuers or Icahn Enterprises Holdings of Indebtedness for money borrowed, whether such Indebtedness or Guarantee now exists or is created after the Issuance Date, which default (a) is caused by a failure to pay when due at final maturity (giving effect to any grace period or waiver related thereto) the principal of such Indebtedness (a “Payment Default”) or (b) results in the acceleration of such Indebtedness prior to its express maturity, and, in each case, the principal amount of any such Indebtedness as to which Icahn Enterprises or any Guarantor is obligated to pay, together with the principal amount of any other such Indebtedness under which a Payment Default then exists or with respect to which the maturity thereof has been so accelerated or which has not been paid at maturity as to which Icahn Enterprises or any Guarantor is obligated to pay, aggregates \$50.0 million or more;
- (8) failure by the Issuers or any Guarantor to pay final judgments aggregating in excess of \$50.0 million, which final judgments remain unpaid, undischarged or unstayed for a period of more than 60 days after such judgment becomes a final judgment;
- (9) except as permitted by the Indenture, any Note Guarantee is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force and effect, or Icahn Enterprises Holdings or any other Guarantor, or any Person acting on behalf of any Guarantor, denies or disaffirms its obligations under its Note Guarantee; and
- (10) certain events of bankruptcy or insolvency with respect to the Issuers or any Guarantor that is a Significant Subsidiary.

If any Event of Default (other than by reason of bankruptcy or insolvency) occurs and is continuing, the trustee (by written notice to the Issuers) or the holders of at least 25% in aggregate principal amount of

the then outstanding Notes (by written notice to the Issuers and the trustee) may declare the principal, premium, if any, interest, if any, and any other monetary obligations on all the Notes to be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising from certain events of bankruptcy or insolvency, with respect to the Issuers or any Guarantor that is a Significant Subsidiary, all outstanding Notes will become due and payable immediately without further action or notice. Holders of the Notes may not enforce the Indenture or the Notes except as provided in the Indenture. Subject to certain limitations, holders of a majority in aggregate principal amount of the then outstanding Notes may direct the trustee in its exercise of any remedy or any trust or power conferred on it. However, the trustee may refuse to follow any direction that conflicts with law or the Indenture or that the trustee determines may be unduly prejudicial to the rights of other holders of Notes or that may involve the trustee in personal liability, or for which the holders have not offered and, if requested, provided to the trustee indemnity or security satisfactory to the trustee. The trustee may withhold from holders of Notes notice of any continuing Default or Event of Default (except a Default or Event of Default relating to the payment of principal, premium, if any, or interest) if it determines that withholding notice is in the interests of the holders of the Notes.

At any time after a declaration of acceleration with respect to the Notes and subject to certain conditions, the holders of a majority in aggregate principal amount of Notes outstanding may rescind and cancel such acceleration and its consequences subject to the conditions set forth in the Indenture.

The holders of at least a majority in aggregate principal amount of the Notes then outstanding by written notice to the trustee may on behalf of the holders of all of the Notes waive any existing Default or Event of Default and its consequences under the Indenture except a continuing Default or Event of Default in the payment of interest, on, premium on, if any, or the principal of, any Note or in respect of a covenant or provision which under the Indenture cannot be modified or amended without the consent of each holder affected by such modification or amendment.

The Issuers will be required to deliver to the trustee annually a statement regarding compliance with the Indenture, and the Issuers will be required, forthwith upon becoming aware of any Default or Event of Default, and in any event within ten (10) Business Days, to deliver to the trustee a statement specifying such Default or Event of Default and what action the Issuers are taking or proposing to take with respect thereto.

No Personal Liability of Directors, Officers, Employees, Incorporators and Stockholders

No director, officer, employee, incorporator, manager (or managing member), direct or indirect member, partner or stockholder of the Issuers, Icahn Enterprises Holdings, Icahn Enterprises GP or any additional Guarantor shall have any liability for any obligations of the Issuers, Icahn Enterprises Holdings, Icahn Enterprises GP or any additional Guarantor under the Notes, the Indenture, any Note Guarantee or for any claim based on, in respect of, or by reason of such obligations or its creation. Each holder of the Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes.

Legal Defeasance and Covenant Defeasance

The Issuers may at any time, at their option, elect to have all of their obligations discharged with respect to the outstanding Notes and all obligations of the Guarantors discharged with respect to their Note Guarantees (“Legal Defeasance”) except for:

- (1) the rights of holders of outstanding Notes to receive payments in respect of the principal of, premium on, if any, or interest, if any, on, such Notes when such payments are due from the trust referred to below;
- (2) the Issuers’ obligations with respect to the Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties, protections, indemnities and immunities of the trustee under the Indenture, and the Issuers’ and the Guarantors’ obligations in connection therewith; and

- (4) the Legal Defeasance and Covenant Defeasance provisions of the Indenture.

In addition, the Issuers may, at their option and at any time, elect to have their obligations and the obligations of any of their Subsidiaries or Icahn Enterprises Holdings released with respect to certain covenants that are described in the Indenture (“Covenant Defeasance”) and, thereafter, any omission to comply with such obligations shall not constitute a Default or Event of Default with respect to the Notes or any Note Guarantee. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under “Events of Default” will no longer constitute an Event of Default with respect to the Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance, in addition to any other requirements specified in the Indenture:

- (1) the Issuers must irrevocably deposit, or cause to be deposited, with the trustee, in trust, for the benefit of the holders of the Notes, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient, to pay the principal of, premium, if any, and interest, if any, due on the outstanding Notes on the stated maturity date or on the applicable redemption date, as the case may be, in accordance with the terms of the Indenture;
- (2) in the case of Legal Defeasance, the Issuers must deliver to the trustee an opinion of counsel, which may be an opinion of in-house counsel to Icahn Enterprises or a Guarantor, containing customary assumptions and exceptions, confirming that (a) the Issuers have received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the Indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders and beneficial owners of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
- (3) in the case of Covenant Defeasance, the Issuers must deliver to the trustee an opinion of counsel, which may be an opinion of in-house counsel to Icahn Enterprises or a Guarantor, containing customary assumptions and exceptions, confirming that the holders and beneficial owners of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
- (4) no Default or Event of Default shall have occurred and be continuing with respect to certain Events of Default on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit (and any similar concurrent deposit relating to other Indebtedness), and the granting of Liens to secure such borrowings);
- (5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the Indenture and the agreements governing any other Indebtedness being defeased, discharged or replaced) to which the Issuers or any of their Subsidiaries is a party or by which the Issuers or any of their Subsidiaries is bound;
- (6) the Issuers shall have delivered to the trustee an Officers’ Certificate stating that the deposit was not made by the Issuers with the intent of preferring the holders of Notes over the other creditors of the Issuers with the intent of defeating, hindering, delaying or defrauding any creditors of the Issuers or others; and
- (7) the Issuers shall have delivered to the trustee an Officers’ Certificate and an opinion of counsel in the United States, which may be an opinion of in-house counsel to Icahn Enterprises or a Guarantor, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with, and, if any Government Securities are deposited, a certificate or opinion of an accountant stating that the Government Securities (in combination

with any cash) being deposited will be sufficient, without consideration of any reinvestment of interest to pay the principal of, premium, if any, and interest, if any, due on the outstanding Notes on the stated maturity date or on the applicable redemption date, as the case may be, in accordance with the terms of the Indenture.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all Notes issued thereunder, when:

- (1) either:
 - (a) all Notes that have been authenticated, except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has been deposited in trust and thereafter repaid to Icahn Enterprises, have been delivered to the trustee for cancellation; or
 - (b) all Notes that have not been delivered to the trustee for cancellation (1) have become due and payable by reason of the sending of a notice of redemption or otherwise, (2) will become due and payable within one year or (3) are to be called for redemption within 12 months under arrangements reasonably satisfactory to the trustee for the giving of notice of redemption by the trustee in the name, and at the reasonable expense of the Issuers, and in each case the Issuers or any Guarantor have irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the Notes not delivered to the trustee for cancellation for principal and premium, if any, and accrued but unpaid interest to the date of maturity or redemption;
- (2) in respect of clause (1)(b) above, no Default or Event of Default has occurred and is continuing on the date of the deposit or will occur as a result of the deposit and the deposit will not result in a breach or violation of, or constitute a default under, any other material instrument to which the Issuers are a party or by which the Issuers are bound;
- (3) the Issuers have paid or caused to be paid all sums payable by them under the Indenture; and
- (4) the Issuers or any Guarantor have delivered irrevocable instructions to the trustee under the Indenture to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be.

In addition, the Issuers must deliver an Officers' Certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied and, if any Government Securities are deposited, a certificate or opinion of an accountant stating that the Government Securities (in combination with any cash) being deposited, will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the Notes not delivered to the trustee for cancellation for principal and premium, if any, and accrued but unpaid interest, if any, to the date of maturity or redemption, as the case may be.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the Indenture, the Notes or the Note Guarantee may be amended or supplemented with the consent of the holders of at least a majority in principal amount of the Notes then outstanding (including consents obtained in connection with a tender offer or exchange offer for Notes), and any existing default or compliance with any provision of the Indenture, the Notes or the Note Guarantee may be waived with the consent of the holders of a majority in principal amount of the then outstanding Notes (including consents obtained in connection with a tender offer or exchange offer for Notes) in accordance with the requirements of the Indenture.

Without the consent of each holder affected, an amendment, supplement or waiver may not (with respect to any Notes held by a nonconsenting holder of Notes):

- (1) reduce the principal amount of Notes whose holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed maturity of any Note or provide that any Note is redeemable at an earlier date or for a price less than provided in the Indenture;
- (3) reduce the rate of or change the time for payment of interest on any Note;
- (4) waive a Default or Event of Default in the payment of principal of, premium or interest on the Notes (except a rescission of acceleration of the Notes by the holders of at least a majority in aggregate principal amount of the then outstanding Notes and a waiver of the payment default that resulted from such acceleration);
- (5) make any Note payable in money other than that stated in the Notes;
- (6) make any change in the provisions of the Indenture relating to waivers of past Defaults or the rights of holders of Notes to receive payments of principal of, premium on, if any, or interest on the Notes;
- (7) release Icahn Enterprises Holdings or any other Guarantor from any of its obligations under its Note Guarantee or the Indenture, except in accordance with the terms of the Indenture; or
- (8) make any change in the foregoing amendment and waiver provisions.

Notwithstanding the foregoing, without the consent of any holder of Notes, the Issuers, the Guarantors and the trustee together may amend or supplement the Indenture, any Note Guarantee or the Notes to cure any ambiguity, defect or inconsistency, to provide for uncertificated Notes in addition to or in place of certificated Notes (provided that, such uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code), to provide for the assumption of the Issuers' or a Guarantor's obligations to holders of the Notes and Note Guarantees by a successor to the Issuers or such guarantor pursuant to Article 5 or Article 10 of the Indenture, to make any change that would provide any additional rights or benefits to the holders of the Notes or that does not adversely affect the legal rights under the Indenture of any such holder, to comply with requirements of the SEC in order to effect or maintain the qualification of the Indenture under the Trust Indenture Act of 1939, as amended, to conform the text of the Indenture, the Note Guarantees or the Notes to any provision of this Description of Notes to the extent that such provision in this Description of Notes was intended to be a verbatim recitation of a provision of the Indenture, the Note Guarantees or the Notes, which intent may be evidenced by an Officers' Certificate to that effect, to provide for the issuance of Additional Notes in accordance with the limitations set forth in the Indenture, or to allow any Guarantor to execute a supplemental indenture to the Indenture and/or a Note Guarantee with respect to the Notes.

The consent of the holders is not necessary under the Indenture to approve the particular form of any proposed amendment, supplement or waiver. It is sufficient if such consent approves the substance thereof. After an amendment, supplement or waiver to the Indenture becomes effective, the Issuers will be required to provide to the holders of Notes affected thereby a notice briefly describing such amendment, supplement or waiver. However, the failure to give such notice, or any defect in the notice will not impair or affect the validity of any such amendment, supplement or waiver.

Concerning the Trustee

The Indenture contains certain limitations on the rights of the trustee, should it become a creditor (other than in connection with the Indenture) of the Issuers or Icahn Enterprises Holdings, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest under applicable law, it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as trustee or resign.

The holders of a majority in aggregate principal amount of the then outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available

to the trustee, subject to certain exceptions. The Indenture provides that in case an Event of Default shall occur (which shall not be cured), the trustee will be required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of his own affairs. The trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of Notes, unless such holder shall have offered and, if requested, provided to the trustee security and indemnity satisfactory to it against any loss, liability or expense that might be incurred by it in compliance with such request.

Governing Law

The Indenture is, and the Notes will be, governed by and construed in accordance with the internal laws of the State of New York, without regard to the choice of law rules thereof to the extent that the application of the laws of another jurisdiction would be required thereby. The issuance of the Notes and the Note Guarantee will also be subject to a certain extent to the laws of the jurisdiction of formation of Icahn Enterprises.

Additional Information

Any holder of the Notes or prospective investor may obtain a copy of the Indenture without charge by writing to Ted Papapostolou, Chief Financial Officer at Icahn Enterprises L.P., 16690 Collins Avenue, PH-1, Sunny Isles Beach, Florida 33160.

Book-Entry, Delivery and Form

The 2029 exchange notes initially will be represented by one or more exchange notes in registered, global form without interest coupons (collectively, the “Global Notes”) in minimum denominations of \$2,000 in principal amount and integral multiples of \$1,000 in excess thereof.

The Global Notes will be deposited upon issuance with the trustee as custodian for The Depository Trust Company (“DTC”), in New York, New York, and registered in the name of DTC or its nominee, in each case, for credit to an account of a direct or indirect participant in DTC as described below. Except as set forth below, the 2030 exchange notes will be issued in registered, global form in minimum denominations of \$2,000 in principal amount and integral multiples of \$1,000 in excess thereof.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for definitive Notes in registered certificated form (“Certificated Notes”) except in the limited circumstances described below. See “— Exchange of Global Notes for Certificated Notes.” Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of Notes in certificated form.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. The Issuers take no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised the Issuers that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the “Participants”) and to facilitate the clearance and settlement of transactions in those securities between the Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the initial purchaser), banks, trust companies, clearing corporations and certain other organizations. Access to DTC’s system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the “Indirect Participants”). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and

transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised the Issuers that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of the Participants designated by the initial purchaser with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the Global Notes).

Investors in the Global Notes who are Participants may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) which are Participants.

All interests in a Global Note, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems. The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of the Participants, which in turn act on behalf of the Indirect Participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of interests in the Global Notes will not have Notes registered in their names, will not receive physical delivery of Notes in certificated form and will not be considered the registered owners or “holders” thereof under the Indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on, a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, the Issuers and the trustee will treat the Persons in whose names the Notes, including the Global Notes, are registered as the owners of the Notes for the purpose of receiving payments and for all other purposes. Consequently, neither the Issuers, the trustee nor any agent of the Issuers or the trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC’s records or any Participant’s or Indirect Participant’s records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC’s records or any Participant’s or Indirect Participant’s records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised the Issuers that its current practice, upon receipt of any payment in respect of securities such as the Notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe that it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of Notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or the Issuers. Neither the Issuers nor the trustee will be liable for any delay by DTC or any of the Participants or the Indirect Participants in identifying the beneficial owners of the Notes, and the Issuers and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Subject to the transfer restrictions set forth under “Notice to Investors,” transfers between the Participants will be effected in accordance with DTC’s procedures, and will be settled in same-day funds, and transfers

between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Subject to compliance with the transfer restrictions applicable to the Notes described herein, cross-market transfers between the Participants, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by their respective depositaries; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised the Issuers that it will take any action permitted to be taken by a holder of Notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the Notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the Notes, DTC reserves the right to exchange the Global Notes for legended Notes in certificated form, and to distribute such Notes to its Participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. None of the Issuers, the trustee and any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

Subject to DTC's applicable procedures, a Global Note is exchangeable for Certificated Notes if:

- (1) DTC (a) notifies the Issuers that it is unwilling or unable to continue as depository for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act and, in either case, the Issuers fail to appoint a successor depository;
- (2) the Issuers, at their option, notify the trustee in writing that they elect to cause the issuance of the Certificated Notes; or
- (3) there has occurred and is continuing a Default or Event of Default with respect to the Notes and DTC has provided written notice to the trustee in accordance with the Indenture.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon prior written notice given to the trustee by or on behalf of DTC in accordance with the Indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures) and will bear the applicable restrictive legend referred to in "Notice to Investors," unless that legend is not required by applicable law.

Exchange of Certificated Notes for Global Notes

Certificated Notes may not be exchanged for beneficial interests in any Global Note unless the transferor first delivers to the registrar a written certificate (in the form provided in the Indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such Notes. See "Notice to Investors."

Same Day Settlement and Payment

The Issuers will make payments in respect of the Notes represented by the Global Notes (including principal, premium, if any, and interest if any) by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. The Issuers will make all payments of principal, interest and premium, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The Notes represented by the Global Notes are expected to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such Notes will, therefore, be required by DTC to be settled in immediately available funds. The Issuers expect that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a Participant will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised the Issuers that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a Participant will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

“*Taxable Income*” means, for any period, the taxable income or loss of Icahn Enterprises for such period for federal income tax purposes.

“*Total Unencumbered Assets*” means, as of any Quarterly Determination Date, the book value of all of the assets of Icahn Enterprises and any Guarantor (including, without limitation, the Capital Stock of their Subsidiaries, but excluding goodwill and intangibles) that do not secure, by a Lien, any portion of any Indebtedness (other than assets secured by a Lien in favor of the Notes and such assets are not secured by a Lien in favor of any other Indebtedness) as of such date (determined on a consolidated basis between Icahn Enterprises and any Guarantor but not on a consolidated basis with their Subsidiaries and otherwise in accordance with GAAP).

“*Treasury Rate*” means, as of any redemption date, the yield to maturity as of the earlier of (1) such redemption date or (2) the date on which such Notes are defeased or satisfied and discharged, of the most recently issued United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two business days prior to such date (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the redemption date to December 15,

2029 (six months prior to the maturity date of the Notes); provided, however, that if the period from the redemption date to December 15, 2029 (six months prior to the maturity date of the Notes) is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used. Any such Treasury Rate shall be obtained by the Issuers.

“*Unsecured Indebtedness*” of Icahn Enterprises, Icahn Enterprises Holdings and any additional Guarantor means any Indebtedness of such Person that is not Secured Indebtedness.

“*Voting Stock*” means, with respect to any Person that is (a) a corporation, any class or series of capital stock of such Person that is ordinarily entitled to vote in the election of directors thereof at a meeting of stockholders called for such purpose, without the occurrence of any additional event or contingency, (b) a limited liability company, membership interests entitled to manage, or to elect or appoint the Persons that will manage the operations or business of the limited liability company, or (c) a partnership, partnership interests entitled to elect or replace the general partner thereof.

“*Weighted Average Life to Maturity*” means, when applied to any Indebtedness or Disqualified Stock, as the case may be, at any date, the number of years (calculated to the nearest one-twelfth) obtained by dividing (1) the sum of the products obtained by multiplying (a) the amount of each then remaining installment, sinking fund, serial maturity or other required payments of principal or liquidation preference, including payment at final maturity, in respect thereof, by (b) the number of years (calculated to the nearest one-twelfth) that will elapse between such date and the making of such payment, by (2) the then outstanding principal amount or liquidation preference, as applicable, of such Indebtedness or Disqualified Stock, as the case may be.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

This section describes certain material U.S. federal income tax consequences that apply to U.S. Holders (as defined below) and Non-U.S. Holders (as defined below) that are beneficial owners of the existing notes who:

- acquired the existing notes at the offering price for cash,
- exchange the existing notes for the exchange notes in these exchange offers, and
- hold the existing notes and will hold the exchange notes as “capital assets” (generally, for investment) within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the “Code”).

However, it does not purport to be a complete analysis of all potential tax consequences. Except where noted, this discussion does not apply to a holder that is subject to special rules, such as:

- dealers in securities or currencies,
- banks or other financial institutions,
- regulated investment companies,
- real estate investment trusts,
- tax-exempt entities,
- insurance companies,
- persons holding exchange notes as a part of a hedging, integrated, conversion or constructive sale transaction or a straddle,
- traders in securities that elect to use a mark-to-market method of accounting for their securities holdings,
- persons liable for alternative minimum tax,
- investors in pass-through entities,
- persons subject to special tax accounting rules as a result of any item of gross income with respect to the exchange notes being taken into account in an applicable financial statement, or
- U.S. Holders of exchange notes whose “functional currency” is not the U.S. dollar.

In addition, this summary does not consider specific facts and circumstances that may be relevant to a particular holder’s tax position and does not consider non-income tax consequences or the state, local, estate, gift or non-U.S. tax consequences of an investment in the exchange notes. Special rules may apply to certain Non-U.S. Holders, such as:

- U.S. expatriates,
- “controlled foreign corporations,” and
- “passive foreign investment companies.”

Holders are urged to consult their own tax advisors to determine the U.S. federal, state, local, non-U.S. and other tax consequences that may be relevant to them.

Furthermore, the discussion below is based upon the current provisions of the Code, the Treasury Regulations promulgated thereunder and administrative and judicial interpretations thereof, all as of the date hereof, and such authorities may be repealed, revoked, modified or subject to differing interpretations, possibly on a retroactive basis, so as to result in U.S. federal income tax consequences different from those discussed below. This discussion assumes that Icahn Enterprises Finance, for U.S. federal income tax purposes, is not considered to be the issuer of the exchange notes.

We cannot assure you that the IRS will not challenge one or more of the tax considerations described below. We have not obtained, and do not intend to obtain, a ruling from the IRS or an opinion of counsel with respect to the U.S. federal tax considerations resulting from acquiring, holding or disposing of the exchange notes.

This summary is included herein as general information only. We urge you to consult your own tax advisors concerning the particular U.S. federal income tax consequences to you of the exchange of the existing notes for the exchange notes pursuant to the exchange offer, the acquisition, ownership or disposition of our exchange notes, as well as any consequences to you arising under the laws of any other taxing jurisdiction, including the effect and applicability of state, local or non-U.S. or other tax laws, such as gift and estate tax laws, and any tax treaty.

For purposes of this discussion, the term “U.S. Holder” means a beneficial owner of an exchange note that is:

- an individual who is a citizen or resident of the United States,
- a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States or any State thereof or the District of Columbia,
- an estate the income of which is subject to U.S. federal income taxation regardless of its source, or
- a trust, if it (i) is subject to the primary supervision of a court within the United States and one or more U.S. persons, as described in Section 7701(a)(30) of the Code, have the authority to control all substantial decisions of the trust, or (ii) has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person.

As used herein, the term “Non-U.S. Holder” means a beneficial owner of an exchange note that, for U.S. federal income tax purposes, is not a U.S. Holder.

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds our exchange notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding our exchange notes, we urge you to consult your own tax advisor.

Exchange of the Existing Notes for the Exchange Notes

The exchange of the existing notes for the exchange notes pursuant to these exchange offers should not be a taxable event for U.S. federal income tax purposes. Accordingly, holders participating in these exchange offers should not recognize any income, gain or loss in connection with the exchange for U.S. federal income tax purposes. In addition, immediately after the exchange, any such holder should have the same adjusted issue price, adjusted tax basis and holding period in the exchange notes as it had in the existing notes immediately before the exchange.

Characterization of the Exchange Notes

As discussed above in the sections entitled “Description of 2029 Notes — Optional Redemption,” “Description of 2030 Notes — Optional Redemption,” “Description of 2029 Notes — Repurchase at the Option of Holders — Change of Control” and “Description of 2030 Notes — Repurchase at the Option of Holders — Change of Control,” we may be required to make payments of additional amounts if we redeem any of the exchange notes at our option or if we repurchase any of the exchange notes at the option of the holders upon the occurrence of a Change of Control (as defined under “Description of 2029 Notes — Repurchase at the Option of Holders — Change of Control” and “Description of 2030 Notes — Repurchase at the Option of Holders — Change of Control”).

We intend to take the position that the exchange notes should not be treated as contingent payment debt instruments because of such additional payments, and this disclosure assumes that our position will be respected. This position is based in part on assumptions regarding the possibility that, as of the date of issuance of the existing notes that were exchanged for exchange notes, such additional amounts will have to

be paid. Assuming such position is respected, it is binding on a holder, and any additional amounts paid to a holder pursuant to any redemption or repurchase would be taxable as described below in “— Considerations for U.S. Holders of the Exchange Notes — Sale, Redemption or Other Taxable Disposition of the Exchange Notes” and “— Considerations for Non-U.S. Holders of the Exchange Notes — Sale, Redemption or Other Taxable Disposition of the Exchange Notes” (unless such holder of the exchange notes discloses its contrary position in the manner required by the applicable Treasury Regulations). However, our position is not binding on the IRS and if the IRS successfully challenged this position, and the exchange notes were treated as contingent payment debt instruments, holders of the exchange notes could be required to accrue interest income at a rate higher than the rate that would otherwise apply and to treat as ordinary income, rather than capital gain, any gain recognized on a sale, redemption or other taxable disposition of the exchange notes. Holders of the exchange notes are urged to consult their own tax advisers regarding the potential application to the exchange notes of the contingent payment debt instrument rules and the consequences thereof.

Considerations for U.S. Holders of the Exchange Notes

The discussion in this section applies only to U.S. Holders. If you are not a U.S. Holder, this section does not apply to you.

Payments of Interest

It is expected, and this discussion assumes, that either the issue price of the exchange notes will equal the stated principal amount of the exchange notes or the exchange notes will be issued with less than a *de minimus* amount of original issue discount for U.S. federal income tax purposes. Accordingly, interest payments on our exchange notes will be includible in your gross income as ordinary interest income at the time that such interest payments are received or accrued in accordance with your method of accounting for U.S. federal income tax purposes.

Sale, Redemption or Other Taxable Disposition of the Exchange Notes

Upon the disposition of an exchange note by sale, redemption or other taxable disposition, you generally will recognize gain or loss equal to the difference between (i) the amount realized on the sale, redemption or other taxable disposition (other than amounts attributable to accrued but unpaid stated interest, which, if not previously included in income, will be includible as interest income on the exchange note) and (ii) your adjusted federal income tax basis in the exchange note. Your adjusted federal income tax basis in an exchange note generally will equal the cost of the existing note that was exchanged for the exchange note, decreased by any principal payments previously received by you.

Any gain or loss you recognize on disposition of an exchange note generally will constitute capital gain or loss and will be long-term capital gain or loss if you held the exchange note for longer than one year at the time of disposition, and such holding period will generally include your holding period in the existing notes that were exchanged for the exchange notes. The deductibility of capital losses is subject to certain limitations.

Additional Tax on Net Investment Income

An additional 3.8% tax is imposed on the “net investment income” of certain U.S. Holders who are citizens and resident aliens, and on the undistributed “net investment income” of certain estates and trusts. Among other items, “net investment income” generally includes interest on the exchange notes and certain net gain from the sale, redemption or other taxable disposition of the exchange notes, less certain deductions.

Information Reporting and Backup Withholding

Under the Code, you may be subject, under certain circumstances, to information reporting and/or backup withholding with respect to certain payments made on or with respect to the exchange notes. Backup withholding applies only if you are a U.S. Holder and you (i) fail to furnish your taxpayer identification number, or TIN, which if you are an individual is your social security number, within a reasonable time after a request therefor, (ii) furnish an incorrect TIN, (iii) are notified by the IRS that you

failed to report interest or dividends properly or (iv) fail, under certain circumstances, to provide a certified statement, signed under penalty of perjury, that the TIN provided is correct and that you have not been notified by the IRS that you are subject to backup withholding. The application for exemption is available by providing a properly completed IRS Form W-9 (or suitable substitute). These requirements generally do not apply with respect to certain holders, including corporations, tax-exempt organizations, qualified pension and profit sharing trusts, certain financial institutions and individual retirement accounts.

The backup withholding tax rate is currently 24%. Backup withholding is not an additional tax. Any amount withheld from a payment under the backup withholding rules is allowable as a credit against your U.S. federal income tax liability, if any (and may entitle you to a refund), provided that the required information is timely furnished to the IRS. You should consult your tax advisor as to your qualification for exemption from backup withholding and the procedure for obtaining such exemption.

Considerations for Non-U.S. Holders of the Exchange Notes

The discussion in this section applies only to Non-U.S. Holders. If you are not a Non-U.S. Holder, this section does not apply to you.

Interest

Subject to the backup withholding and FATCA discussion below, interest paid on our exchange notes that is not effectively connected with your U.S. trade or business will generally not be subject to U.S. federal withholding tax of 30% (or, if applicable, a lower treaty rate), provided that:

- you do not actually (or constructively) own 10% or more of the capital or profits interests in us;
- you are not a “controlled foreign corporation” related, directly or indirectly, to us through stock ownership; and
- you have fulfilled the certification requirements set forth in Section 871(h) or Section 881(c) of the Code, as discussed below.

The certification requirements referred to above will be fulfilled if you certify on IRS Form W-8BEN or IRS Form W-8BEN-E (or successor forms), under penalties of perjury, that you are not a U.S. person for U.S. federal income tax purposes and provide your name and address, and (i) you file IRS Form W-8BEN or IRS Form W-8BEN-E (or successor forms) with the withholding agent or (ii) in the case of an exchange note held on your behalf by a securities clearing organization, bank or other financial institution holding customers’ securities in the ordinary course of its trade or business, the financial institution files with the withholding agent a statement that it has received the IRS Form W-8BEN or IRS Form W-8BEN-E (or successor forms) from you and furnishes the withholding agent with a copy thereof; provided that a foreign financial institution will fulfill the certification requirement by filing IRS Form W-8IMY (or successor form) if it has entered into an agreement with the IRS to be treated as a qualified intermediary. With respect to an exchange note held by a non-U.S. partnership and certain other non-U.S. entities, certain other requirements under the applicable Treasury Regulations must be satisfied, and the non-U.S. partnership or entity generally will be required to provide on IRS Form W-8IMY (or successor form) and (unless the non-U.S. partnership or entity has entered into a withholding agreement with the IRS) to associate with such form an appropriate certification or other appropriate documentation from each partner, member or other indirect beneficial owner of the exchange note. You should consult your tax advisor regarding possible additional certification requirements.

If you cannot satisfy the requirements described above, payments of interest on our exchange notes made to you will be subject to a 30% U.S. federal withholding tax, unless you provide a properly executed (i) IRS Form W-8BEN or IRS Form W-8BEN-E (or successor forms) claiming an exemption from (or a reduction of) withholding under the benefit of an applicable tax treaty and stating your U.S. taxpayer identification number or other foreign identification number or (ii) IRS Form W-8ECI (or successor form) stating that payments on the exchange notes are not subject to withholding tax because such payments are effectively connected with your conduct of a trade or business in the United States, as discussed below.

United States Trade or Business

If interest or gain on the exchange notes is effectively connected with your conduct of a U.S. trade or business and, if an applicable tax treaty applies, is attributable to a permanent establishment or fixed base in the United States, you will be subject to U.S. federal income tax on the interest and gain on a net income basis in the same manner as if you were a U.S. Holder. See the section above under “— Considerations for U.S. Holders.” In that case, you will not be subject to the 30% U.S. federal withholding tax and will be required in lieu of the certifications described above to provide to the withholding agent a properly executed IRS Form W-8ECI (or successor form). In addition, a foreign corporation that is a holder of the exchange notes may be subject to a branch profits tax equal to 30% (or lower applicable treaty rate) of its effectively connected earnings and profits for the taxable year, subject to certain adjustments. For this purpose, interest and any gain on the exchange notes will be included in earnings and profits if so effectively connected.

Sale, Redemption or Other Taxable Disposition of the Exchange Notes

Subject to the backup withholding and FATCA discussion below, any gain realized on the sale, redemption or other taxable disposition of the exchange notes generally will not be subject to U.S. federal income tax unless:

- that gain is effectively connected with your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is treated as attributable to a permanent establishment or fixed base maintained by you in the United States); or
- you are an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met.

Any gain described in the first bullet point above will be taxed as described above under “— Considerations for Non-U.S. Holders — United States Trade or Business,” and any gain described in the second bullet point will be subject to tax at a 30% rate (unless an applicable tax treaty provides otherwise) but may be offset by certain U.S. source capital losses.

Information Reporting and Backup Withholding

If you are a Non-U.S. Holder and you provide the applicable IRS Form W-8, together with all appropriate attachments, signed under penalties of perjury, and stating that you are not a U.S. person, then, with respect to payments of interest on the exchange notes, you will generally not be subject to U.S. backup withholding.

Payments on the sale, redemption or other taxable disposition of an exchange note made to or through a U.S. office of a broker generally will be subject to information reporting and backup withholding unless you either certify that you are not a U.S. person under penalties of perjury on the applicable IRS Form W-8 and the broker has no actual knowledge to the contrary, or you otherwise establish an exemption. The payment of the proceeds on the disposition of an exchange note to or through a non-U.S. office of a non-U.S. broker will not be subject to backup withholding or information reporting unless the non-U.S. broker is a “U.S. Related Person” (as defined below). The payment of proceeds on the disposition of an exchange note to or through a non-U.S. office of a U.S. broker or a U.S. Related Person generally will not be subject to backup withholding, but will be subject to information reporting, unless you certify that you are not a U.S. person under penalties of perjury or the broker has certain documentary evidence in its files as to your foreign status and the broker has no actual knowledge to the contrary.

For this purpose, a “U.S. Related Person” is (i) a “controlled foreign corporation” for U.S. federal income tax purposes, (ii) a foreign person 50% or more of whose gross income from all sources for the three-year period ending with the close of its taxable year preceding the payment (or for such part of the period that the broker has been in existence) is derived from activities that are effectively connected with the conduct of a U.S. trade or business or (iii) a foreign partnership if at any time during its tax year one or more of its partners are U.S. persons who, in the aggregate, hold more than 50% of the income or capital interest of the partnership or if, at any time during its taxable year, the partnership is engaged in the conduct of a U.S. trade or business.

Backup withholding is not an additional tax. Any amount withheld from a payment under the backup withholding rules is allowable as a credit against your U.S. federal income tax liability, if any (and may entitle you to a refund), provided that the required information or appropriate claim form is timely furnished to the IRS.

Information reporting requirements may apply regardless of whether withholding is required. Copies of the information returns reporting such interest and withholding also may be made available to the tax authorities in the country in which you are a resident under the provisions of an applicable income tax treaty or agreement.

Foreign Account Tax Compliance Act

Withholding of tax may be imposed under Sections 1471 to 1474 of the Code (such sections commonly referred to as “FATCA”) on certain types of payments made to non-U.S. financial institutions and certain other non-U.S. entities (whether or not such payees are receiving such payments as the beneficial owners or intermediaries). A 30% withholding tax may be imposed on payments of interest on an exchange note paid to a “foreign financial institution” or a “non-financial foreign entity” (each as defined in the Code), unless (i) the foreign financial institution undertakes certain diligence and reporting obligations, (ii) the non-financial foreign entity either certifies it does not have any “substantial United States owners” (as defined in the Code) or furnishes certain information regarding its substantial United States owners, or (iii) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules. If the payee is a foreign financial institution and is subject to the diligence and reporting requirements in (i) above, it must enter into an agreement with the U.S. Department of the Treasury requiring, among other things, that it undertake to identify accounts held by certain “specified United States persons” or “United States-owned foreign entities” (each as defined in the Code), annually report certain information about such accounts, and withhold 30% on certain payments to noncompliant foreign financial institutions and certain other account holders. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules.

You should consult your tax advisor regarding the potential application of the information reporting and withholding requirements under FATCA to your investment in the exchange notes.

THE PRECEDING DISCUSSION OF CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES IS FOR GENERAL INFORMATION ONLY AND IS NOT TAX ADVICE. WE URGE EACH PROSPECTIVE INVESTOR TO CONSULT ITS OWN TAX ADVISOR REGARDING THE PARTICULAR FEDERAL, STATE, LOCAL AND FOREIGN TAX CONSEQUENCES OF ACQUIRING, OWNING AND DISPOSING OF OUR EXCHANGE NOTES, INCLUDING THE CONSEQUENCES OF ANY PROPOSED CHANGE IN APPLICABLE LAWS.

CERTAIN ERISA CONSIDERATIONS

The following is a summary of certain considerations associated with an investment in the exchange notes (including the exchange of the existing notes for exchange notes) by (i) employee benefit plans that are subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended (“ERISA”), (ii) individual retirement accounts (“IRAs”) and other plans and arrangements that are subject to Section 4975 of the Code, (iii) plans (including governmental plans (as defined in Section 3(32) of ERISA), church plans (as defined in Section 3(33) of ERISA) and non-U.S. plans (as described in Section 4(b)(4) of ERISA)) that are not subject to the foregoing but are subject to laws applicable to the acquirer or subsequent transferee that are similar to ERISA or Section 4975 of the Code (referred to herein as “Similar Laws”), and (iv) entities whose underlying assets are considered to include or constitute “plan assets”, *within the meaning of 29 C.F.R. Section 2510.3-101 (as modified or deemed to be modified by Section 3(42) of ERISA), (as further described below)* of any such plan, account or arrangement described in clauses (i) or (ii) (each of the foregoing described in clauses (i), (ii), (iii) and (iv) referred to herein as a “Plan”).

General Fiduciary Matters

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan subject to Title I of ERISA or Section 4975 of the Code (a “Benefit Plan”) and prohibit certain transactions involving the assets of a Benefit Plan and its fiduciaries or other interested parties. Under ERISA and the Code, any person who exercises any discretionary authority or control over the administration of such a Benefit Plan or the management or disposition of the assets of such a Benefit Plan, or who renders investment advice for a fee or other compensation to such a Benefit Plan, is generally considered to be a fiduciary of the Benefit Plan.

In considering an investment in the exchange notes of a portion of the assets of any Plan, a fiduciary should consult with its counsel in order to determine the suitability of the exchange notes for such Plan, including whether the investment is in accordance with the documents and instruments governing the Plan and the applicable provisions of ERISA, the Code or any Similar Law and the need for, and the availability, if necessary, of any exemptive relief under any such laws or regulations. In addition, a fiduciary should consult with its counsel as to the considerations relevant to the continued holding of the existing notes. Further, a fiduciary of a Plan should consult with its counsel in order to determine if the investment in the exchange notes or the continued holding of the existing notes, as applicable, satisfies the fiduciary’s duties to the Plan including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and any other applicable Similar Laws.

Each Benefit Plan, including IRAs and other arrangements that are subject to Section 4975 of the Code, should consider the fact that none of the Issuers or the guarantor or any of their respective affiliates (the “Transaction Parties”) is acting, or will act, as a fiduciary to any Benefit Plan with respect to the decision to invest in, hold or dispose of the exchange notes or to continue to hold the existing notes. The Transaction Parties are not undertaking to provide impartial investment advice or advice based on any particular investment need, or to give advice in a fiduciary capacity, with respect to the decision to invest in, hold or dispose of the exchange notes or to continue to hold the existing notes. All communications, correspondence and materials from the Transaction Parties with respect to the exchange notes and the existing notes are intended to be general in nature and are not directed at any specific investment in the exchange notes, and do not constitute advice regarding the advisability of investment in the exchange notes or the existing notes for any specific investor. The decision to invest in and hold the exchange notes or to continue to hold the existing notes must be made solely by each prospective Benefit Plan purchaser on an arm’s length basis.

Changes in Tax Laws Governing IRAs Could Result in Adverse Tax Consequences to IRA Owners and Beneficiaries

A change in the current tax laws under the Code or other applicable tax rules governing IRAs and their investments (including, without limitation, the Code provisions governing the maximum contributions that may be made to IRAs, the types of investments that IRAs may hold, the maximum amount that may be invested in IRAs, and/or the annual minimum required distributions that IRAs must make) could result in adverse tax consequences to IRAs (and their owners and beneficiaries). Such changes could include, for example, a prohibition on IRAs holding investments such as the exchange notes or existing notes and/or a

limitation on the aggregate investments that IRAs may hold, which may cause an IRA to lose its tax-exempt status if it is unable to divest from the necessary investments to satisfy any such rules (and/or be exposed to penalty taxes for failure to comply with such rules). By investing in the exchange notes or by continuing to hold the existing notes, an IRA will be deemed to represent and warrant that it expressly understands that its interest in the exchange notes or the existing notes may be subject to restrictions on transfer and may not be transferred, exchanged, or otherwise disposed of except as permitted hereunder and in accordance with applicable law, and that there can be no assurance that the IRA will be able to timely liquidate or dispose of its interest in the exchange notes or existing notes in the event of any such change in law in order to avoid any such adverse tax consequences (and that none of the Transaction Parties or any of their affiliates is under any obligation, whether express or implied, to assist or otherwise accommodate such liquidation or transfer or mitigate such adverse tax consequences to such IRA or its owners or beneficiaries).

Prohibited Transaction Issues

Section 406 of ERISA and Section 4975 of the Code prohibit Benefit Plans from engaging in certain transactions involving plan assets with persons or entities who are “parties in interest,” within the meaning of ERISA, or “disqualified persons,” within the meaning of Section 4975 of the Code, unless a statutory or administrative exemption is applicable to the transaction. A party in interest or disqualified person who engages in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code. In addition, the fiduciary of the Benefit Plan that engaged in such a non-exempt prohibited transaction may be subject to penalties and liabilities under ERISA and the Code.

The acquisition and/or holding of exchange notes or continued holding of the existing notes by a Benefit Plan with respect to which a Transaction Party is considered a party in interest or disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code, unless the investment is acquired and is held in accordance with an applicable prohibited transaction exemption. In this regard, certain exemptions from the prohibited transaction rules could be applicable to the investment in and holding of exchange notes by a Plan, depending on the type and circumstances of the fiduciary making the decision to acquire such exchange notes and the relationship of the party in interest or disqualified person to the Plan. Included among these exemptions are Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code for certain transactions between a Plan and non-fiduciary service providers to the Plan. In addition, the United States Department of Labor has issued prohibited transaction class exemptions (“PTCEs”) that may apply to the acquisition and holding of the exchange notes. These class exemptions (as may be amended from time to time) include, without limitation, PTCE 84-14 (respecting transactions directed by independent “qualified professional asset managers”), PTCE 90-1 (respecting insurance company pooled separate accounts), PTCE 91-38 (respecting bank collective investment funds), PTCE 95-60 (respecting life insurance company general accounts) and PTCE 96-23 (respecting transactions directed by “in-house asset managers”).

Each of the foregoing exemptions contains conditions and limitations on its application. Thus, the fiduciaries of a Plan that is considering acquiring and/or holding the exchange notes in reliance on any of those exemptions, or any other exemption, should carefully review the conditions and limitations of the applicable exemption and consult with their counsel to confirm that it is applicable. There can be no, and we do not provide any, assurance that any PTCE or any other exemption will be available with respect to any particular transaction involving the exchange notes.

Because of the foregoing, the exchange notes should not be acquired or held by any person investing “plan assets” of any Plan, unless such acquisition and holding (i) are entitled to exemptive relief from the prohibited transaction provisions of ERISA and the Code and are otherwise permissible under all applicable Similar Laws or (ii) would not otherwise constitute a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or any violation of applicable Similar Laws.

The foregoing discussion is general in nature and is not intended to be all-inclusive, nor should it be construed as legal advice. Due to the complexity of these rules and the excise taxes, penalties and liabilities that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries or other persons considering acquiring the exchange notes (and holding the exchange notes) on behalf of, or with the assets of, any Plan, consult with their counsel regarding the suitability of an

acquisition of the exchange notes in light of such prospective acquirer's particular circumstances, potential applicability of ERISA, Section 4975 of the Code and any Similar Laws to such investments and whether an exemption would be applicable to the acquisition and holding of the exchange notes. The issuance of an exchange note to a Plan is in no respect a representation by any Transaction Party or any of their affiliates or representatives that such an investment meets all relevant legal requirements with respect to investments by any such Plan or that such investment is appropriate for any such Plan.

Representations

Accordingly, by acceptance of an exchange note, or any interest therein, each acquirer and subsequent transferee will be deemed to have represented and warranted that (1) either (i) no portion of the assets used by such acquirer or transferee to acquire or hold the exchange notes (or any interest therein) constitutes assets of any Plan; or (ii) the acquisition and holding of the exchange note (or any interest therein) by such acquirer or transferee does not and will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or a similar violation of applicable Similar Laws and (2) none of the Issuers, the guarantor, any Transaction Party or any other party to the transactions contemplated by this registration statement or any of their respective affiliates is acting, or will act, as a fiduciary to any Plan with respect to the decision to invest in, hold or dispose of the exchange notes or is undertaking to provide impartial investment advice or give advice in a fiduciary capacity with respect to the decision to invest in, hold or dispose the exchange notes.

BY ACQUIRING EXCHANGE NOTES (OR ANY INTEREST THEREIN), EACH ACQUIRER AND SUBSEQUENT TRANSFEREE OF SUCH EXCHANGE NOTES SHALL BE DEEMED TO ACKNOWLEDGE AND AGREE THAT (I) ANY INFORMATION PROVIDED BY THE TRANSACTION PARTIES OR ANY OF THEIR RESPECTIVE AFFILIATES (INCLUDING INFORMATION SET FORTH IN THIS OFFERING MEMORANDUM) IS NOT A RECOMMENDATION TO INVEST IN THE EXCHANGE NOTES AND THAT NONE OF THE TRANSACTION PARTIES OR ANY OF THEIR RESPECTIVE AFFILIATES IS UNDERTAKING TO PROVIDE ANY INVESTMENT ADVICE TO THE ACQUIRER OR SUBSEQUENT TRANSFEREE (IMPARTIAL OR OTHERWISE), OR TO GIVE ADVICE TO THE ACQUIRER OR SUBSEQUENT TRANSFEREE IN A FIDUCIARY CAPACITY IN CONNECTION WITH AN INVESTMENT IN THE EXCHANGE NOTES AND, ACCORDINGLY, NO PART OF ANY COMPENSATION RECEIVED BY THE TRANSACTION PARTIES OR ANY OF THEIR AFFILIATES IS FOR THE PROVISION OF INVESTMENT ADVICE TO THE ACQUIRER OR SUBSEQUENT TRANSFEREE AND (II) THE TRANSACTION PARTIES AND/OR THEIR AFFILIATES HAVE A FINANCIAL INTEREST IN THE ACQUIRER'S OR SUBSEQUENT TRANSFEREE'S INVESTMENT IN THE EXCHANGE NOTES ON ACCOUNT OF THE FEES AND OTHER COMPENSATION THEY EXPECT TO RECEIVE AS DISCLOSED IN THIS OFFERING MEMORANDUM.

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offers must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for existing notes where such existing notes were acquired as a result of market-making activities or other trading activities. We have agreed that, starting on the expiration date and ending on the close of business 270 days after the expiration date (or such shorter period during which participating broker-dealers are required by law to deliver such prospectus), we will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale. In addition, until December 3, 2024 (90 days after the date of this prospectus) all dealers effecting transactions in the exchange notes may be required to deliver a prospectus.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own account pursuant to the exchange offers may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offers and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an “underwriter” within the meaning of the Securities Act and any profit of any such resale of exchange notes and any commissions or concessions received any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver, and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act.

For a period of 270 days after the expiration date, we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents in the letter of transmittal. We have agreed to pay all expenses incident to the exchange offers (including the expenses of one counsel for the holder of the existing notes) other than commissions or concessions of any brokers or dealers and will indemnify the holders of the existing notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

LEGAL MATTERS

The validity of the exchange notes offered by this prospectus will be passed upon for us by Proskauer Rose LLP, New York, New York.
