RISK TO INVESTORS

(For details refer to section titled "Risk Factors" on page 25 of the Prospectus)

 Business dependence on biotechnology and pharmaceutical customers: Our financial performance depends on our ability to secure business from biotechnology and pharmaceutical customers and consequently we may be subject to risks, uncertainties and trends that affect our customers in these industries. Our financial health is, substantially contingent upon the sustained influx of capital into the biotechnology sector and the continued success and progression of our Discovery services. The table below sets forth the revenue split between our CRO and CDMO services for the periods mentioned:

		nonths period ended mber 30, 2024	For the Financial Year 2024

- 7. <u>Customer discontinuation risk:</u> Our inability to achieve the desired outcomes in our research and development activities may result in customers opting to discontinue their partnerships with us. In the past three Financial Years and the six months period ended September 30, 2024, we estimate that seven customers discontinued engaging our services due to a mismatch between the customer expectation and our service deliveries.
- 8. <u>Risk related to concentration of manufacturing primarily at one facility in Bidar, Karnataka:</u> Our manufacturing process is primarily concentrated in one facility in Bidar, Karnataka. This concentration increases our vulnerability to any operational disruptions at any one of these sites. Additionally, manufacturing interruptions or delays could affect our ability to meet customer demand and lead to higher costs.
- 9. <u>Dependency on revenue from customers outside India:</u> We are subject to risks associated with conducting business internationally, and any operational delays and/or additional financial burdens may affect our business and results of operations. The table below sets forth our revenue derived from within and outside India, from contract research, development and manufacturing activities:

- 2. <u>Risk relating to Customers inability to develop commercially viable drugs</u>: We generate revenue from services related to small molecules throughout the drug discovery lifecycle, with R&D forming a crucial part of our business. Our Company's role in the production of a new drug is limited to the specific scope of work assigned to us and the success of our efforts is determined solely by our ability to meet the specifications set by our customers. Our business may be adversely affected if our customers fail to develop or manufacture commercially viable drugs, including due to industry specific challenges they may face.
- 3. <u>Risk related to extensive government regulation and Regulatory inspections:</u> We operate in a highly regulated industry and various aspects of our operations are subject to extensive government laws and regulations, in India and internationally, governing the pharmaceutical market and if we fail to obtain, maintain or renew our statutory and regulatory licenses, permits and approvals required to operate our business, results of operations and cash flows may be adversely affected. Our manufacturing facilities undergo routine inspections by regulators such as the USFDA, PMDA, and COFEPRIS. While we have not received any warning letters or failed to receive approvals in the past three Financial Years and the six months period ended September 30, 2024, subsequent to inspections of our facilities by regulatory authorities in and outside India, if we fail to receive such approvals in the future, we may be subject to sanctions or fines by such regulatory authorities under applicable laws such as prohibitions on the sale of our drugs in the relevant jurisdiction or penalties for violations, among others.
- 4. <u>Risk related to customer audit and inspections:</u> During the past three Financial Years and the six months period ended September 30, 2024, our manufacturing units were subject to more than 100 audits by our customers. We may not be able to continue to serve our customers if we fail to meet their standards in audits and inspections and this could significantly harm our reputation and result in the termination of ongoing projects by our customers.
- 5. Some of our shareholders have transferred 2,044,330 Equity Shares to our Promoter and certain Promoter Group entities as a gift contemplated under the Gift Deed which has resulted in an increase in the pre-Offer shareholding of the Promoters and certain Promoter Group entities. The said transfers will result in a gain of ₹1,122.34 million at the upper end of the price band to Promoters and certain Promoter Group members.
- 6. <u>Dependency on Research & Development:</u> We generate revenue from services related to small molecules throughout the drug discovery lifecycle, with R&D forming a crucial part of our business. We depend on our research and development activities generally for our future growth and our inability to achieve the desired outcomes in our research and development activities may result in customers opting to discontinue their partnerships with us. Additionally, our R&D efforts may not always lead to the successful commercialization of new drugs, given that the success rate for developing a new drug from drug discovery to approval is extremely low, and can be lower
